ADMINISTRATOR'S REPORT:

Administrator Amidei reported that the village will have a busy fall with the construction projects anticipated to be completed. Scheduling for the projects is not complete, but all affected properties will be notified. The pre-engineering is being done for 2023 projects in order to get them bid early in the spring, pending State funding for lead water service replacements. The administrator expressed his gratitude to Karen Dylewski and her staff for a job well-done with the recent Ribfest. The administrator further thanked all of the officials, volunteers, partners and sponsors of the event.

COMMISSIONER'S REPORTS:

Commissioner Byrnes stated that the Ribfest was a great event and thanked the volunteers, the Street Department, Karen Dylewski and the Community Center staff and all of the participants for their contributions.

Commissioner Maxham stated that the Ribfest was a fantastic event. The commissioner further reported that she has been working with some Forest Park residents who want to keep chickens in their yards. The group has done research with other communities who allow residents to keep chickens and has uncovered few, if any, problems. The commissioner expressed the benefits, such as fresh eggs, urban farming and self-sufficiency.

Commissioner Nero commented about the new procedures at the intersection of Jackson and Hannah, near Garfield School and thanked the parents and students for their time and patience.

Commissioner Voogd reported that the community clean up event was cancelled for the third time, due to rain. The event is now rescheduled for September 24th and the group is meeting at the Community Center. The commissioner further thanked Karen Dylewski, her staff as well as the Public Works, Police and Fire Departments for their hard work making the Ribfest a great, well-attended event. Last, the commissioner reported that the Altenheim steering committee met earlier today and conducted a site visit. The next meeting is scheduled for October 3rd at 5:30.

Mayor Hoskins thanked Community Center Director, Karen Dylewski, her staff and the Public Works, Police and Fire departments as well as the volunteers who made the Ribfest a huge success. The mayor reported that in July, non-profit PLCCA contacted the village looking for placement for teenagers in their summer work program. Director Stella agreed to partner with PLCCA and took on ten of the teens to help out with the summer work in Public Works. The village received the services of the teens free of charge, but did hire a local resident to mentor and guide the teens. The program went well and the mayor is hoping to repeat the arrangement again next year. Mayor Hoskins reported that he attended a Transportation Industry dinner with top-level CTA, PACE, Metra and RTA officials, along with the mayors of both Oak Park and River Forest. The three mayors lobbied the Board Chair of the CTA to expedite the removal of the rusty water tower on the north end of town. Last, the mayor reported that Walmart held a grand re-opening event last Friday and they also finally joined the Chamber of Commerce.

ADJOURNMENT

There being no further business to be addressed, Commissioner Nero moved and Commissioner Byrnes seconded to adjourn into closed session pursuant to 5 ILCS 120/2(c)(2) to consider collective bargaining matters. The motion carried.

Mayor Hoskins declared the meeting adjourned at 7:55 P.M.

Respectfully submitted,

Vanessa Moritz

 - Streets don't align, there are curb cuts, crosswalks not warranted, several crosswalks nearby
- Troost/Harvard – Northbound traffic not yielding to Harvard
 - Signage is proper and well marked

 - No recommendation regarding timing

Reviewed Issues – Action Recommended

- Madison/Elgin

- See attached report with more details
- Traffic backs up beyond crosswalk at Elgin (East)
- Vehicles attempting to turn NB onto Harlem drive down median
- Creates blind corner for pedestrians and vehicles at the crosswalk
- Recommendations (phased introduction):
 - Option 1: Fix/ensure existing crosswalk lighted signs are functioning
 - Option 2: Physical sign mounted in the street to yield to pedestrians in crosswalk
 - Option 3: Eliminate parking on south side of Madison between Elgin and Harlem to create right turn lane
 - Option 4: Move crosswalk to the west Elgin Ave leg so that it is at the intersection

- 1100 Elgin – Speeding traffic, ignoring one-way
- Harlem (Elgin)/Randolph - Crosswalk

Forest Park Safety & Traffic Commission Report

Eastbound Madison to Northbound Harlem @ Elgin and Crosswalk

- Problem Statement/Facts
 - There is a mid-block crosswalk located between the two Elgin Ave legs, in front of Fat Duck
 - There is a painted median prior to the crosswalk when traveling eastbound
 - There is a left turn lane at Harlem to head northbound
 - Traffic at the light often backs up beyond the beginning of the left turn lane
 - Vehicles will travel down the median when traffic is backed up in order to enter into the left turn lane
 - When traffic is backed up pedestrians at the crosswalk are blind to any vehicles driving down the median
 - Emergency vehicles make use of this median during emergencies and require it to be passable
 - 10 traffic incidents in that area have been reported from 1/1/21 to 5/23/22 though none were involving pedestrians. Only speaks to documented incidents
 - Staff at Fat Duck have reported continual close calls involving pedestrians attempting to cross at the crosswalk
- Proposed Solutions – Ranked in order of preference, propose 1 & 2 for immediate consideration
 - Option 1: Fix/ensure existing crosswalk lighted signs are functioning
 - Option 2: Install a break away in-road pedestrian crossing sign as pictured below:

In-Street Pedestrian Crosswalk Sign

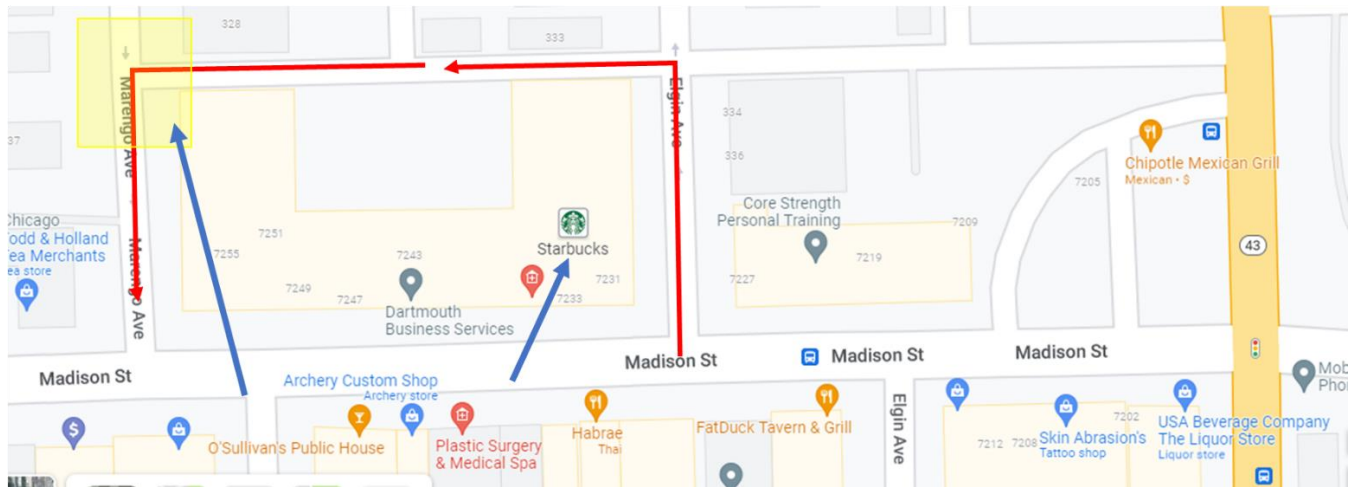

2009 MUTCD Standard

- Datasheet from one vendor attached
- This sign would be mounted in the street, but it would fold over if hit. "Unit has an anti-twist reactive spring assembly that rebounds to upright when struck."
- Sign is removable for plowing and other needs
- We expect that this sign would present not just increased visibility for the crossing, but it would also act as a physical barrier to traffic entering into the median without impeding emergency vehicle traffic.

- Option 3: Eliminate parking on south side of Madison between Elgin and Harlem to create right turn lane
 - This would reduce the line length in the center lane and facilitate legal access to the left turn lane
 - Lane could be right turn only, or right turn and straight. Lanes merge into one on Oak Park side of Harlem.
- Option 4: Move crosswalk to the west Elgin Ave leg so it is at the intersection
 - This is a more expensive option, but would eliminate the mid-block crosswalk and provide greater visibility to it
 - Vehicles would be traversing both the Elgin/Madison intersection illegally, and the remaining median

Madison/Marengo/Starbucks Traffic Flow @ Alley and Marengo

- Problem Statement/Facts
 - Traffic exiting Starbucks travels northbound on Elgin or enters the alley north of Starbucks and loops to Marengo to return to Madison
 - There is covered parking in the building with access via the alley as well as a lot north of the alley
 - The westbound exit from the alley to Marengo is blind in both directions to southbound traffic and bi-directional pedestrian traffic
- Proposed Solution
 - Install signs warning of the blind alley exit
 - Install mirrors on both corners

To the Forest Park Police Department,

I wanted to take a moment to thank the Forest Park Police Department for all of the work that you do in our community and surrounding area. I have not had much opportunity to interact with the department but I have observed some things while living in the area. One such observation was an altercation at 623 Harlem at midnight last night. I watched as members of your department and the Doraville Police Department were shouted at, taunted and threatened. While I am just an outside observer I saw a variety of dehumanizing actions and reactions to the police that continued for over 30 minutes.

In the face of all of this I observed multiple officers attempt to de-escalate the situation and show grace, restraint and exceptional patience. I applaud your training and skill.

Thank you for your service.

Sincerely,

Forest Park

*Sergeant Tom Hall, Officer Andrea Caines, Officer Scott Frey, Officer Daysi Riglos and
Detective Joe Schick*

On 14 June 2022 at approximately 1800hrs, Forest Park PD officers were dispatched to the Forest Park District Aquatic Center. The area started to become overwhelmed with non-resident teens being unruly. When the pool reached its capacity, a group of these teens rushed the front doors, entering without paying, and another group of about fifty (50) teens jumped the fencing in the back without paying. The actions of these teens forced the Park District to close the pool and they requested police assistance as this angered many people in the pool with multiple teens refusing to leave. Over the next ninety (90) minutes, Forest Park Officers deescalated multiple situations, resisted being baited by disrespectful and hostile teens/patrons, and acting nothing but professional in spite of literally hundreds of people refusing to comply. Outside help was requested from other departments and Officers from Oak Park, River Forest, Broadview, North Riverside, Maywood, Cook County, Berwyn and Melrose Park arrived as backup in case tempers flared. Forest Park Officers did yeoman's work convincing hundreds of rowdy teens to eventually leave the pool then the park itself. Had any of the interactions between Forest Park Officers and this group of teens become violent, this would have been turned from a rowdy incident to a riot quickly. The actions of all the above listed Officers should be commended.

Officer Zach Calamus #265

On 5 June 2022, at approximately 2249hrs, Officer Calamus was on routine patrol and conducted a self-initiated traffic stop on a vehicle after he observes Illinois Vehicle Code Violations and he used his training and experience to notice the vehicles suspicious route of travel in the Village of Forest Park. During the traffic stop, Ofc. Calamus noticed indicators of nervousness and criminal activity the driver displayed, which separated him from the innocent motoring public. Following up on his observations during this traffic stop, Ofc. Calamus discovered over 100 grams of suspected cannabis, packaged for individual sale and which the driver admitted he sells illegally. More importantly, Ofc. Calamus also recovered a loaded Sarsilmaz Firearm 9MM hand gun with one (1) round in the chamber and a Great Lakes "assault type" rifle with ammunition. While most police officers concern themselves with IVC violations during this type of traffic stop, Ofc. Calamus relied on his training and experience to identify, locate and arrest a dangerous drug dealer armed with numerous weapons. This drug dealer tried hiding behind an Illinois Concealed Carry Permit to protect his illegal narcotics and this arrest revoked his FOID and Concealed Carry Permit.

Ofc. Calamus' continued efforts to keep the Village of Forest Park safe from criminals and the weapons being brought into the Village are not un-noticed by this Police Department, Administration or the residents of Forest Park. Officer Calamus' attention to detail and ability to apprehend a dangerous criminal not only brings credit upon himself but to the department as a whole.

Sergeant Tom Hall #121

On 11 June 22, Sgt. Hall was monitoring ISPERN-Chicago on his extra radio and overheard Police Helicopter broadcasting pursuit information on a vehicle wanted out of Lombard for Armed Robbery. Sgt. Hall has always kept police spike strips in the trunk of his patrol vehicle and tactically set-up to deploy the stop sticks on Madison, using Lathrop Avenue concrete planters as a barrier for his protection. Sgt. Hall successfully deployed the spike strips on the offending Jeep Wrangler and did remove them quickly so police units and vehicles were not also spiked. Sgt. Hall's successful spiking of the tires, caused the Jeep to eventually be disabled and allowed pursuing officers (non-FPPD) to take all three (3) occupants of the Jeep into custody. Officers from other agencies located a firearm and proceeds from the Lombard Armed Robbery inside the vehicle.

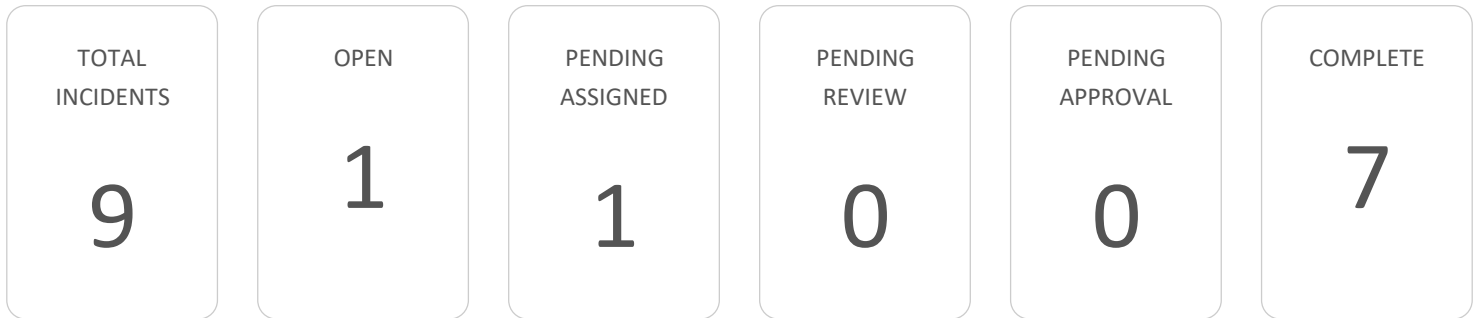

Sgt. Hall's preparedness allowed the Forest Park Police Department to assist in capturing three (3) Armed criminals and a firearm. Sgt. Hall's efforts went beyond regular patrol efforts and his performance awards him a Department Commendation.

* The CCSAO's first contact with a felony case typically occurs through the Felony Review process. If an arresting agency decides to charge the arrestee with a felony, the CCSAO's Felony Review Unit (FRU) must be contacted to **review the evidence** and decide whether charges can be filed. Law enforcement can only directly file felonies under limited circumstances, such as narcotics cases, non-felony traffic offenses, and misdemeanors. In some instances, a case may also be directly indicted by a grand jury instead of going through the FRU process. Once the review process is complete, the FRU will either **approve** or **decline** to file the charges or choose to **continue** the case for the police to further investigate. **Approve**: Sufficient facts and evidence support felony charges. **Decline**: the evidence presented is insufficient to support felony charges. If felony charges are not approved by the CCSAO, police can refile the case as a misdemeanor. If initial charges are declined, the CCSAO can call for the investigation to continue and will then review additional evidence when presented. The **approval rate** is calculated by dividing the number of approved cases by the total number of reviewed cases. For example, the FRU reviewed 55 robbery cases - approved 50 and declined 5. The approval rate would be $50 / (50+5) = 91\%$. Sometimes the FRU will determine that there is not enough information yet from law enforcement to approve or decline charges, so they will classify the case as a Continued Investigation (CI). CI'd case numbers are not included here.

** **Prosecuted**: A case is moved through the system to a conclusion of guilty or not guilty; **Guilty**: defendant was determined to be guilty of criminal charges; **Conviction rate**: Number of guilty dispositions (plea of guilty, finding of guilty, or verdict of guilty) divided by the number of cases prosecuted. Cases that reached disposition during this year may have been initiated prior to this timeframe.

*** Diversion can occur at many points throughout the criminal justice process. As the prosecuting body for Cook County, diversion for the CCSAO refers to connecting defendants to services and programs (e.g., assistance with substance abuse, employment, mental health treatment, etc.), rather than sentencing them to time in custody. Assistant State's Attorneys screen cases and refer eligible defendants to diversion programs. There are pre-plea and post-plea court-based diversion programs available in Cook County; five are pre-plea diversion programs overseen by the CCSAO, and three are post-plea programs overseen by the Office of the Chief Judge. [Learn more about Cook County diversion programs](#). **Referral** is the number of individuals referred to a diversion program. **Graduated** is the number of individuals who successfully completed a diversion program. **Failed** is the number of people who either dropped out of a diversion program or were disqualified from the program (for example getting rearrested). The **graduation rate** is defined as the number of graduates divided by the number of individuals who either graduated or failed a program.

In June 2022, the CCSAO referred 1 defendant in Forest Park to a diversion program. 0 defendants graduated from their diversion program and 0 defendants failed their diversion program.

Criminal Investigations Division

July and August 2022

The Forest Park Police Department's (FPPD) Criminal Investigation Division (CID) is supervised by Lt. Pete Morrisette. Two detectives are assigned to CID; Det. Jarlath Heveran and Det. Joe Schick. Det. Mike O'Connor is the police department's Community Policing / Crime Free Housing Officer. LaShan Riggins, the Forest Park Police Department's Evidence Custodian, is a member of CID and aside from her evidence custodian duties performs administrative duties for the investigators, and assists the 24-hour desk, parking, and records when needed. There is a counselor assigned to the department from Amita Health Behavioral Health Clinician. Our Police Crisis Services Worker is Evelyn Simmons. Evelyn is outsourced to the Forest Park Police Department four (4) days a week and has office space within the CID building located at 501 Desplaines Ave.

Police incident reports are reviewed by the Investigations Division every working day. Incidents that have victims wishing to sign a complaint against an offender are assigned to a detective for further review in an effort to develop a suspect(s), conduct interviews, and gather evidence to effect an arrest and present a winnable case in criminal court. Some incidents are turned over to Evelyn Simmons should there be a need for outreach from her organization, mainly in reference to mental health concerns. Other incidents such as neighbor or landlord tenant disputes, are forwarded to Det. Mike O'Connor so he can intervene and possibly mediate or offer eviction advice. Problem properties may be deemed a nuisance by Det. O'Connor should they meet the criteria established under the village ordinance.

Detectives rotate on call assignments weekly so a Forest Park Police Detective is available 24 hours a day, seven days a week should the need for CID assistance arise. If a major incident is encountered during off hours, the entire CID staff could be called upon to respond if needed.

The detectives are members of the West Suburban Major Crimes Task Force (WESTAF) and are, at times, on call to assist member agencies should a homicide occur in a WESTAF jurisdiction. There were no WESTAF callouts during this time period.

Currently, the Forest Park PD is a member agency in the multijurisdictional West Suburban Drug and Gang Enforcement Task Force (WEDGE). Det. Schick and Det. O'Connor are assigned to assist WEDGE. Detective Schick worked with WEDGE during their activation days in July and August.

There were 74 incidents assigned to investigators for follow-up in July and August 2022, 37 in July and 37 in August. Case selection has been reduced and screened due to a shortage of manpower and more focus has been exhausted on major cases and those involving violence against victims.

Following is a summary of notable investigations in July and August 2022:

- Detective Schick conducted an extensive investigation in to a sexual assault allegation that had been reported in delayed fashion. Detective Schick spoke with several witnesses and a complainant, tracking down other witnesses and information in the process and identifying a suspect. Detective Schick was ultimately able to determine from one witness that the alleged assault occurred at their home in Oak Park. This investigation was turned over to Oak Park Police to investigate further.
- Detective Sergeant Heveran investigated a missing persons/kidnapping report in which two juveniles had left their home and were allegedly in Buffalo, New York. Detective Sergeant Heveran worked with Buffalo Police and relatives in Buffalo to facilitate what became a family dispute. A resolution was ultimately attained in which one juvenile returned to Forest Park and the other remained in Buffalo through mutual agreement.
- Detective Schick observed a person known to him to be listed as a missing person. That subject also had an active arrest warrant. The subject was stopped and the warrant determined to have been quashed. He was reunited with his family who had reported him missing.
- Lieutenant Morrisette obtained information that a vehicle that had fled a traffic stop in Forest Park might be in Aurora, Illinois. Lieutenant Morrisette located the vehicle pulling out of a driveway and on to the street. The vehicle was towed, and the owner's granddaughter met police on the street to acknowledge that her friend had fled police while she was in the vehicle.
- Detective Schick investigated a report of a six-year-old who had come to the hospital with a gunshot wound. Through his investigation Detective Schick was able to determine that the child's uncle owned the gun in question and that the child had gained access to it and accidentally shot himself. The uncle fled the home prior to officer's arrival. Detective Schick was able to track him down and have him turn himself in to be charged with Endangering the Life of a Child and Allowing a Minor to Access Firearms.
- Detective Sergeant Heveran investigated online threats that stemmed from a local mental health facility. Detective Sergeant Heveran was able to piece together an online network of people, including a patient at the hospital, who was discussing mass shootings and also talking about ways to possibly do a mass shooting themselves. Through search warrants, Detective Sergeant Heveran was able to identify people involved as well as the content of their conversations. Although no crime has been shown to take place, proper local and federal authorities were given full information on this investigation for informational purposes, and parents of juveniles involved were also informed of the investigation.
- Detective Schick learned that a subject (suspected burglar) with a co-offender in burglaries that occurred in May 2002 was in custody at River Forest Police Department. Detective Schick interviewed the suspect, and obtained burglary charges against him.

- Detective Schick and Lieutenant Morrisette responded to a report of a deceased person in the woods off of Desplaines Ave. The scene was secured and processed forensically by WESTAF investigators that were summoned. Detectives located witnesses to piece together circumstances as best could be attained. The body was transported to the Medical Examiner's Office, where it was determined that the victim had died of a drug overdose. Detective Schick was able to obtain the victim's identity through fingerprints and notify family.

Forest Park Criminal Investigations Division members are experienced and dedicated public servants who have built and continue to maintain professional relationships within the community and with neighboring agencies in an effort to quash criminal activity and to solve as many cases as possible.

AGENDA MEMO

Village Council Meeting

Forest Park, Illinois

September 26, 2022

Issue Statement

Request for Village Council Action: Adoption of an Ordinance Authorizing the Approval of a Joint Purchasing Requisition for the Purchase of Three (3) 2023 Base Ford Explorer Police Vehicles for the Village of Forest Park Police Department

Background

The Forest Park Police Department has submitted a request to purchase/pre-order three (3) vehicles under the State of Illinois Joint Purchasing Program. It is anticipated that said vehicles will not be delivered and put into use until sometime in 2023.

The quoted price reflects the base purchase price of the vehicles (\$137,284 in total - \$45,761.00 each); said sum does not include their total buildout price.

ARPA funds are being targeted for this purchase; use of ARPA funds to purchase police vehicles is a permitted expense under ARPA.

The Police Department will need to submit additional pricing in the future to reflect the cost of the vehicles' build-out. Authorization for same, should tonight's purchase be approved, will need to be given by the Council at a future meeting.

AGENDA MEMO

Village Council Meeting

Forest Park, Illinois

September 26, 2022

Issue Statement

Request for Village Council Action: Adoption of a Resolution Authorizing the Award for the 15th Street Sewer Separation Project Contract to John Neri Construction Co., Inc.

Background

To recap this project's history:

- Forest Park was awarded \$360,000 in CDBG funding to install a dedicated 48" storm sewer on 15th Street between Circle Avenue and Marengo Avenue; said sewer will connect to the mainline sewer that runs north and south on Circle Avenue. Further, a future connection stub will be put in place to allow for additional storm sewer connections to take place in the future – easterly of Marengo Avenue (grant application has already been filed with the County);
- Initial project estimate (2021) amounted to \$400,000 including Phase III engineering fees;
- A bid opening for the project took place on April 27, 2022. The low bidder was Uno Construction Company at \$392,450.50;
- Following award of contract, Uno had been unsuccessful in obtaining a Federal DUNS Number for their company. This is required as federal monies are being used for this project;
- Cook County advised the Village that in light of same, the Village shall award the contract to the second lowest responsible bidder, or, shall rebid the project. Since the second lowest bidder's bid price was \$112,000 more than Uno's bid, a decision was made to rebid the project;
- A bid opening for the project took place on September 13, 2022. The lower bidder for the project (same specifications) was John Neri Construction Co. at \$440,215.80.

With Phase III engineering costs amounting to \$26,110, the Village's out of pocket costs for this project will increase from \$40,000 to now approximately \$106,325.

It is recommended that the Village Council award this contract. For one, it is believed that should this project be rebid in 2023, that the cost of same will not decrease under the \$440K amount. Secondly, this is a priority project, as it will provide flood relief in said area during larger rain events. The new 48" storm sewer will provide additional 350' x 48" of compensatory storage during such large rain events; storm water run off now discharges into a combined sewer in said area. In discussions with the Village Finance Director, these additional \$60,000 of VIP monies will be \$60,000 less that the Village has to spend out of its VIP fund following the conclusion of this fiscal year. In light of the fact that project costs most likely will not be going down anytime soon, staff recommends the pursuit of this flood relief effort.

Memorandum

TO: Mayor Hoskins; Moses Amedei
FROM: Chief Ken Gross
DATE: 21Sep22
SUBJECT: Promotions and Probationary Police Officer – Lt. Morrisette Retirement

[Handwritten signature and date 21 Sep 22]

Lt. Morrisette announced that after twenty-six years of employment with the Forest Park Police Department, he is retiring. His final day of employment with the Village of Forest Park will be November 15, 2022.

The retirement of Lt. Morrisette will create an opening for the position of lieutenant. The lieutenant position being filled will mean that an officer is promoted to the position of sergeant, which translates to the department needing to hire a probationary police officer.

I am respectfully asking that the Village Council direct the Forest Park Board of Fire and Police Commissioners to promote the next eligible police lieutenant, the next eligible police sergeant, and offer employment to the next, eligible probationary police officer upon the retirement of Lt. Morrisette.

To: Mayor Hoskins and Commissioners

From: Vanessa Moritz, Village Clerk

We are in the process of compiling the information to be printed in the Village Calendar for 2023.

Additionally, 5 ILCS 120/2.02 of The Open Meetings Act provides that "public notice of all meetings, whether open or closed to the public, shall be given as follows:

(a) Every public body shall give public notice of the schedule of regular meetings at the beginning of each calendar or fiscal year and shall state the regular dates, times and places of such meetings."

To comply with the above, the Council Meetings are included in the printed Village Calendar. There is one holiday in the year 2023 that will fall on the second or fourth Monday of the month. It is Columbus Day (October 9). I have taken the liberty of re-scheduling the October 9 meeting to Tuesday, October 10. As in the past, I am also scheduling the Village Council to meet only once in December on the 18th.

I recommend that the council approve the attached 2023 Village Council Meeting Schedule as-is or as amended at your pleasure.
