## ADMINISTRATOR'S REPORT:

No report.

#### **COMMISSIONER'S REPORTS:**

Commissioner Nero warned the public about the dangers of carbon monoxide and encouraged residents to make sure they have a detector. The commissioner further recognized Director Steve Glinke for responding to a carbon monoxide concern only to find out there was a leak in a 90-unit building, avoiding harm to the residents. The building residents expressed their gratitude to Director Glinke for his caring response and professionalism.

Commissioner Melin-Rogovin reported that the Safety and Traffic Commission has reschedule their meeting this month the July 27<sup>th</sup> at 7:00 p.m. There is a monthly Soup and Bread fundraising event that benefits the Forest Park Food Pantry and Forest Park Fridge. This is held on the 3<sup>rd</sup> Tuesday of each month. The last event was held at Exit Strategy. Last the commissioner congratulated the Kiwanis Club for celebrating their 100<sup>th</sup> birthday and acknowledged the Police Department for the activities they participated in to honor Officer Nick Kozak.

Commissioner Voogd discussed the Level 1 Accreditation by Arbnet Arboretum Accreditation Program, in partnership with Morton Arboretum that the village received, along with the stringent standards required to achieve this goal. The commissioner further requested to receive more information and an activity report from the village's lobbyist. Mayor Hoskins reported that he recently met with CTA officials and received an overview of the planned construction that will be done at the Forest Park Blue Line station. In addition, the group discussed the CTA's \$50 million grant funding earmarked to combat homelessness and the possibility of some of those funds coming to Forest Park to offset the cost to the village for the ambulance response calls to the two stations on Forest Park. The CTA also vowed to install sharps receptacles for the many used needles found around the stations and their willingness to work with the village to clean up the areas surrounding the stations in town. Last, Mayor Hoskins reported that the Clerk's office is now back to regular Monday through Friday hours of 8:00 to 5:00.

# ADJOURNMENT

There being no further business to be addressed, Commissioner Nero moved and Commissioner Maxham seconded to adjourn the meeting. The motion carried unanimously.

Mayor Hoskins declared the meeting adjourned at 7:55 P.M.

Respectfully submitted,

#### AN ORDINANCE AMENDING SECTION 5, ENTITLED "DEFINITIONS," OF CHAPTER 1, ENTITLED "GENERAL ZONING PROVISIONS," OF TITLE 9, ENTITLED "ZONING REGULATIONS," OF THE VILLAGE OF FOREST PARK MUNICIPAL CODE TO ADD "PERFORMANCE VENUE" TO THE DEFINITIONS AND AMENDING SECTION 2, ENTITLED "CONDITIONAL USES," OF ARTICLE C, ENTITLED "DBD DOWNTOWN BUSINESS DISTRICT," OF CHAPTER 4, ENTITLED "BUSINESS DISTRICTS," OF TITLE 9, ENTITLED "ZONING REGULATIONS," OF THE VILLAGE OF FOREST PARK MUNICIPAL CODE TO ADD "PERFORMANCE VENUE" AS A CONDITIONAL USE IN THE DBD DOWNTOWN BUSINESS DISTRICT IN THE VILLAGE OF FOREST PARK, COOK COUNTY, ILLINOIS (PZC 2023-05)

WHEREAS, Section 11-13-14 of the Illinois Municipal Code, 65 ILCS 5/11-13-14, grants the Village of Forest Park ("Village") the authority to amend provisions of the Village's Zoning Code from time to time; and

WHEREAS, Section 9-10-4 of the Village Code authorizes the Village Board to consider amendments to the Village's Zoning Regulations; and

WHEREAS, the Village has an DBD Downtown Business District with Permitted Uses, Conditional Uses, and Prohibited Uses; and

WHEREAS, the Village desires to provide for compatible uses to aid economic development and to create a thriving DBD Downtown Business District; and

WHEREAS, pursuant to Section 11-13-14 of the Illinois Municipal Code (65 ILCS 11-13-14) and Section 9-10-4 of the Village Municipal Code, the Village filed an application for an amendment and caused to be published notice of a public hearing before the Village's Planning and Zoning Commission to consider a petition to amend the Definitions and the Conditional Use Regulations to provide for a "Performance Venue" in the DBD Downtown Business District; and

WHEREAS, on July 17, 2023, the Village's Planning and Zoning Commission held a public hearing in order to consider the application and testimony for the proposed text amendments of the Village's Zoning Regulations; and WHEREAS, on July 17, 2023, the Planning and Zoning Commission considered the testimony and public comment, reviewed the evidence presented, and issued its recommendation to grant both amendments to the Village's Zoning Regulations; and

WHEREAS, the corporate authorities of the Village find it advisable, necessary and in the best interest of the Village to add "Performance Venue" as a definition under the Village's Zoning Regulations; and

WHEREAS, the corporate authorities of the Village find it advisable, necessary and in the best interest of the Village to add "Performance Venue" as a Conditional Use in the DBD Downtown Business District under the Village's Zoning Regulations.

**NOW, THEREFORE, BE IT ORDAINED** by the Council of the Village of Forest Park, Cook County, Illinois, as follows:

Section 1. The recitals set forth in the preamble are hereby incorporated herein by reference and made a part of this Ordinance.

Section 2. Section 9-1-5, entitled "Definitions," is hereby amended by adding the following definition of "Performance Venue" in its appropriate alphabetical designation as follows:

PERFORMANCE VENUE: Any establishment that, as its primary use, offers live performance to the public. The performance may be for a fee or at no cost to the public. Performance venues do not include sexually-oriented businesses defined elsewhere in the zoning ordinance. It may include live performances such as plays, dance performance, concerts, comedy, or musical drama.

Section 3. Section 9-4C-2, entitled "Conditional Use Regulations," is hereby amended by adding "Performance Venue" as a Conditional Use in the DBD Downtown Business District, in its appropriate alphabetical designation.

<u>Section 4.</u> All parts of the Village Code in conflict with the terms or provisions of this Ordinance shall be and the same are hereby amended or repealed to the extent of such conflict and said Village Code and all other existing ordinances shall otherwise remain in full force and effect.

Section 5. The corporate authorities of the Village intend that this Ordinance will be made part of the Village Code and that sections of this Ordinance can be renumbered or

relettered and the word "Ordinance" can be changed to "Section," "Article," "Chapter" or some other appropriate word or phrase to accomplish codification, and regardless of whether this Ordinance is ever codified, the Ordinance can be renumbered or relettered and typographical errors and definitions consistent with this Ordinance can be corrected with the authorization of the Village Attorney, or his or her designee.

<u>Section 6</u>. If any section, subsection, paragraph, sentence, clause or phrase of this Ordinance or any part thereof is, for any reason, held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance, or any part thereof. The corporate authorities hereby declare that they would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional, invalid or ineffective.

Section 7. This Ordinance shall be in full force and effect upon is passage and approval in the manner provided by law.

#### ORDINANCE NO. O-\_\_\_\_-23

#### AN ORDINANCE GRANTING A CONDITIONAL USE PERMIT FOR A COMEDY CLUB AND RELATED EDUCATION CENTER AS A PERFORMANCE VENUE IN THE DBD DOWNTOWN BUSINESS DISTRICT <u>IN THE VILLAGE OF FOREST PARK, COOK COUNTY, ILLINOIS</u> (PZC 2023-06: 7316 MADISON ST)

WHEREAS, Emily Ramirez, conditional tenant ("Applicant") of the property commonly known as 7316 Madison Street, Forest Park, Illinois (the "Subject Property"), has applied for a conditional use permit to allow a comedy club and related education center as a Performance Venue on the Subject Property; and

WHEREAS, the Subject Property is located in the DBD Downtown Business District; and

WHEREAS, pursuant to proper legal notice, a public hearing on the Applicant's application for the conditional use permit for a comedy club and related education center as a Performance Venue was conducted by the Planning and Zoning Commission on July 17, 2023; and

WHEREAS, on July 17, 2023, the Planning and Zoning Commission considered the testimony and public comment, reviewed the evidence presented, and issued its recommendation to grant the conditional use permit for a comedy club and related education center as a Performance Venue; and

WHEREAS, it is in the best interest of the Village that the application for the conditional use permit for a comedy club and related education center as a Performance Venue be granted for the Subject Property by the corporate authorities of the Village.

**NOW, THEREFORE, BE IT ORDAINED** by the Council of the Village of Forest Park, Cook County, Illinois, as follows:

Section 1. The recitals set forth in the preamble are hereby incorporated herein by reference and made a part of this Ordinance.

<u>Section 2</u>. The Planning and Zoning Commission conducted the public hearing, considered Applicant's application, testimony and evidence, and issued its findings for the conditional use permit for a comedy club and related education center as a Performance Venue and has forwarded its recommendation that the Village Council grant the conditional use permit for a comedy club and related education center as a Performance Venue.

Section 3. The corporate authorities of the Village hereby make the findings of fact as follows:

1. Approval of the conditional use permit makes use of a vacant building with existing infrastructure, utilities, and parking.

2. The proposed use will be a benefit to the community through sales tax generation and a diversification of retail in the Village.

3. The proposed conditional use is complementary to existing uses along Madison Street, supports the intent of the DBD Downtown Business District, and makes use of an existing building on the Subject Property.

4. The proposed conditional use is in an existing building and will have no material impact on the surrounding area.

5. No site improvements are proposed and will not impede development or redevelopment in the surrounding area.

6. As an existing building, the utilities and facilities needed are already in place.

7. The Subject Property does not have ingress or egress at the site level and contributes to the DBD Downtown Business District as a destination.

8. The proposed conditional use supports the comprehensive plan's vision for the DBD Downtown Business District.

9. The conditional use conforms to other district regulations by making use of an existing building on the Subject Property.

**Section 4.** The granting of the Approvals herein as requested by the Applicant for the Subject Property is subject to the following terms and conditions:

1. The site shall be constructed in substantial compliance with the "Project Documents" identified in this report and available in the Department of Public Health and Safety.

2. All construction shall comply with the Building Code of the Village of Forest Park, with final plans subject to review and approval by the Village Engineer and Director of Public Health and Safety.

3. No building permits and no Certificate of Occupancy for the comedy club and related education center as a Performance Venue to be operated at the Subject Property shall be issued by the Department of Public Health and Safety unless all debts owed to the Village of Forest Park have been paid in full prior to the issuance of such permits or certificate.

4. Any violation of the above conditions will result in a violation of the Municipal Code of the Village of Forest Park and may be subject to fines for each day said violation exists.

5. Additional information shall be submitted, subject to review and approval by staff, for loading.

6. Additional information shall be submitted subject to review and approval by staff, regarding onsite signage.

<u>Section 5</u>. The approval of the conditional use permit for a comedy club as a Performance Venue to be operated on the Subject Property is subject to the terms and provisions of all conditions and requirements imposed and set forth in the Village Municipal Code and Zoning Regulation, as amended, and all other duly enacted ordinances of the Village, except as otherwise provided herein, and shall be constructed, developed and operated in strict compliance with the Applicant's application, testimony and evidence presented on behalf of and by the Applicant.

**Section 6.** This Ordinance shall be in full force and effect upon is passage and approval in the manner provided by law.

#### AGENDA MEMO

# Village Council Meeting Forest Park, Illinois August 14, 2023

#### Issue Statement

Request for Village Council Action: Resolution Approving and Authorizing the Execution of a Professional Engineering Services Proposal for Professional Surveying Services By and Between Christopher B. Burke Engineering, Ltd. and the Village of Forest Park

#### **Background**

At the June 26, 2023 Village Council Meeting, the Village Council authorized staff to pursue the recreation/reestablishment of the Village's Brown Street Station TIF District that is due to expire at the end of 2023.

For more information regarding same, please click here (Page 168): <u>https://www.forestpark.net/dfp/wp-content/uploads/2023/06/062623VillageCouncilPacket1.pdf</u>

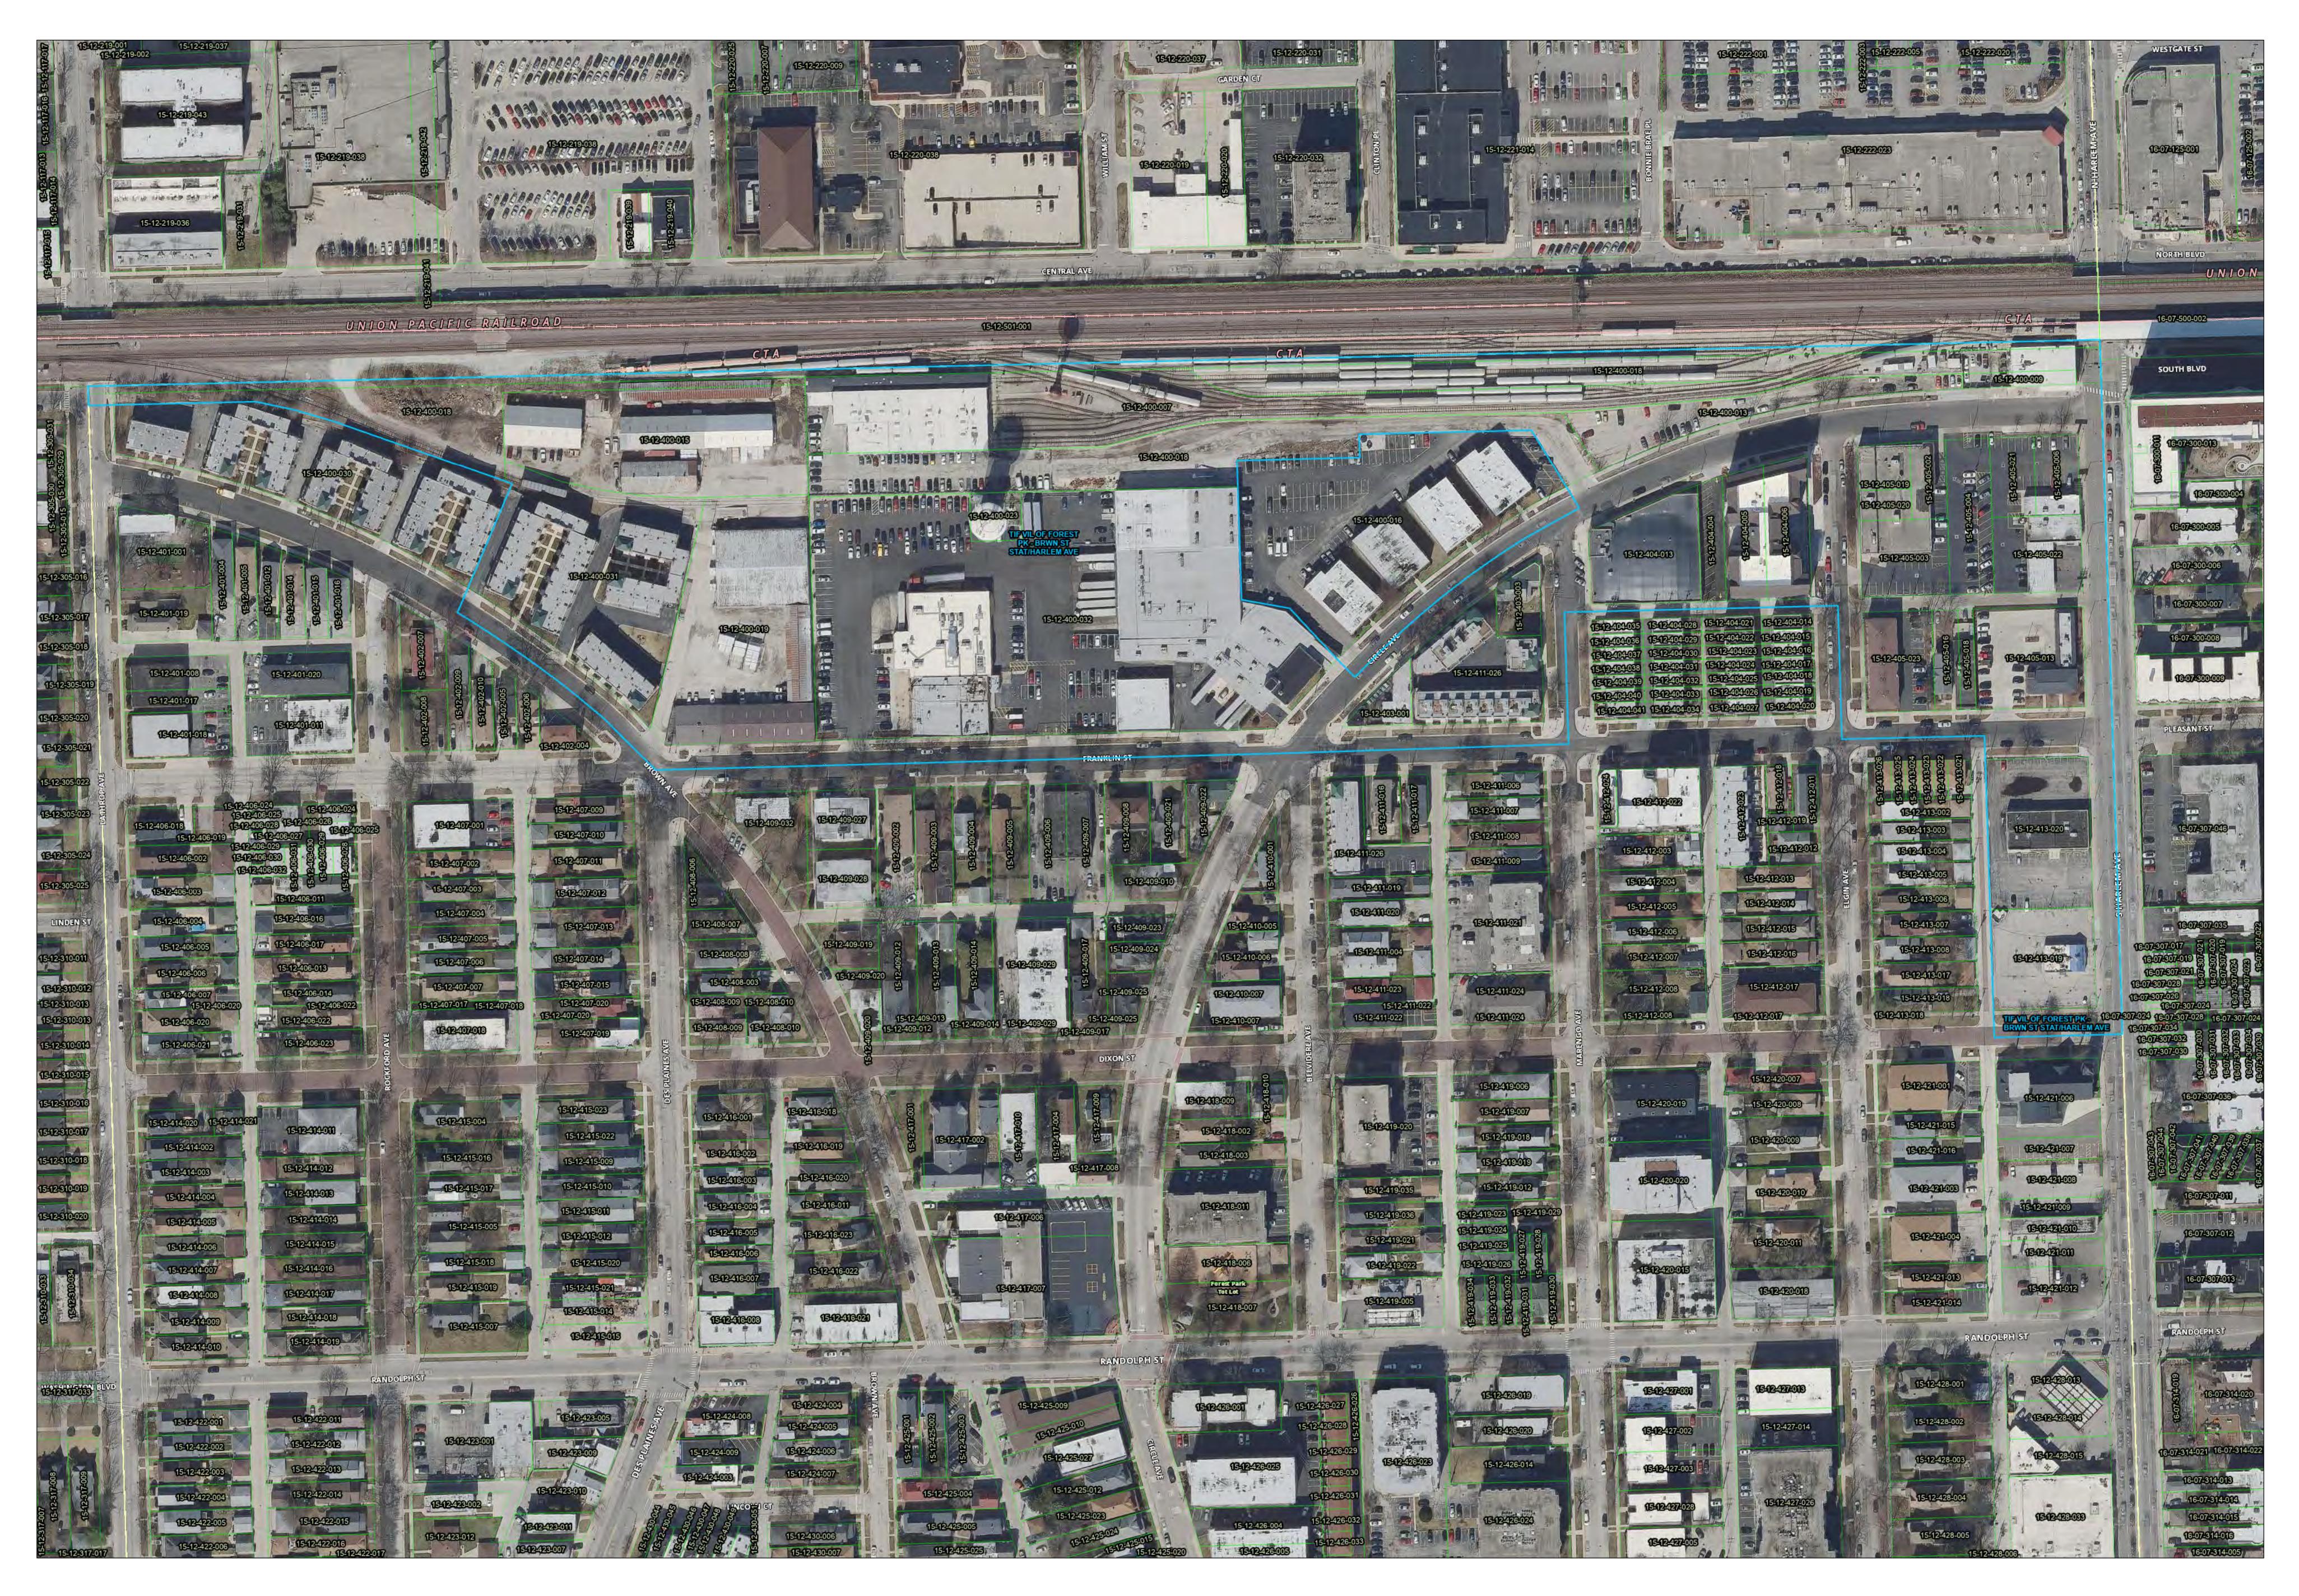

The newly created Circle-Harlem TIF District (this is the current DRAFT name of said new TIF District) would commence on January 1, 2024 and will last for a twenty-three year period until 2047.

As part of the due diligence process, a legal description of the new TIF District will need to be composed, in addition to descriptions of those parcels that will be removed out of the current TIF and placed in the new one, as well as the for the two parcels that will remain in the original TIF until its expiration at the end of 2023.

CBBEL has provided a proposal for surveying (legal description composition) services for the new TIF which is required as part of the new TIF creation process.

## CHRISTOPHER B. BURKE ENGINEERING, LTD. GENERAL TERMS AND CONDITIONS

1. <u>Relationship Between Engineer and Client</u>: Christopher B. Burke Engineering, Ltd. (Engineer) shall serve as Client's professional engineer consultant in those phases of the Project to which this Agreement applies. This relationship is that of a buyer and seller of professional services and as such the Engineer is an independent contractor in the performance of this Agreement and it is understood that the parties have not entered into any joint venture or partnership with the other. The Engineer shall not be considered to be the agent of the Client. Nothing contained in this Agreement shall create a contractual relationship with a cause of action in favor of a third party against either the Client or Engineer.

Furthermore, causes of action between the parties to this Agreement pertaining to acts of failures to act shall be deemed to have accrued and the applicable statute of limitations shall commence to run not later than the date of substantial completion.

2. <u>Responsibility of the Engineer</u>: Engineer will strive to perform services under this Agreement in accordance with generally accepted and currently recognized engineering practices and principles, and in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions. No other representation, express or implied, and no warranty or guarantee is included or intended in this Agreement, or in any report, opinion, document, or otherwise.

Notwithstanding anything to the contrary which may be contained in this Agreement or any other material incorporated herein by reference, or in any Agreement between the Client and any other party concerning the Project, the Engineer shall not have control or be in charge of and shall not be responsible for the means, methods, techniques, sequences or procedures of construction, or the safety, safety precautions or programs of the Client, the construction contractor, other contractors or subcontractors performing any of the work or providing any of the services on the Project. Nor shall the Engineer be responsible for the acts or omissions of the Client, or for the failure of the Client, any architect, engineer, consultant, contractor or subcontractor to carry out their respective responsibilities in accordance with the Project documents, this Agreement or any other agreement concerning the Project. Any provision which purports to amend this provision shall be without effect unless it contains a reference that the content of this condition is expressly amended for the purposes described in such amendment and is signed by the Engineer.

- 3. <u>Changes</u>: Client reserves the right by written change order or amendment to make changes in requirements, amount of work, or engineering time schedule adjustments, and Engineer and Client shall negotiate appropriate adjustments acceptable to both parties to accommodate any changes, if commercially possible.
- 4. <u>Suspension of Services</u>: Client may, at any time, by written order to Engineer (Suspension of Services Order) require Engineer to stop all, or any part, of the services required by this Agreement. Upon receipt of such an order, Engineer shall immediately comply with its terms and take all reasonable steps to minimize the costs associated with the services affected by such order. Client, however, shall pay all costs incurred by the suspension, including all costs necessary to maintain continuity and for the

resumptions of the services upon expiration of the Suspension of Services Order. Engineer will not be obligated to provide the same personnel employed prior to suspension, when the services are resumed, in the event that the period of suspension is greater than thirty (30) days.

- 5. <u>Termination</u>: This Agreement may be terminated by either party upon thirty (30) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. This Agreement may be terminated by Client, under the same terms, whenever Client shall determine that termination is in its best interests. Cost of termination, including salaries, overhead and fee, incurred by Engineer either before or after the termination date shall be reimbursed by Client.
- 6. <u>Documents Delivered to Client</u>: Drawings, specifications, reports, and any other Project Documents prepared by Engineer in connection with any or all of the services furnished hereunder shall be delivered to the Client for the use of the Client. Engineer shall have the right to retain originals of all Project Documents and drawings for its files. Furthermore, it is understood and agreed that the Project Documents such as, but not limited to reports, calculations, drawings, and specifications prepared for the Project, whether in hard copy or machine readable form, are instruments of professional service intended for one-time use in the construction of this Project. These Project Documents are and shall remain the property of the Engineer. The Client may retain copies, including copies stored on magnetic tape or disk, for information and reference in connection with the occupancy and use of the Project.

When and if record drawings are to be provided by the Engineer, Client understands that information used in the preparation of record drawings is provided by others and Engineer is not responsible for accuracy, completeness, nor sufficiency of such information. Client also understands that the level of detail illustrated by record drawings will generally be the same as the level of detail illustrated by the design drawing used for project construction. If additional detail is requested by the Client to be included on the record drawings, then the Client understands and agrees that the Engineer will be due additional compensation for additional services.

It is also understood and agreed that because of the possibility that information and data delivered in machine readable form may be altered, whether inadvertently or otherwise, the Engineer reserves the right to retain the original tapes/disks and to remove from copies provided to the Client all identification reflecting the involvement of the Engineer in their preparation. The Engineer also reserves the right to retain hard copy originals of all Project Documentation delivered to the Client in machine readable form, which originals shall be referred to and shall govern in the event of any inconsistency between the two.

The Client understands that the automated conversion of information and data from the system and format used by the Engineer to an alternate system or format cannot be accomplished without the introduction of inexactitudes, anomalies, and errors. In the event Project Documentation provided to the Client in machine readable form is so converted, the Client agrees to assume all risks associated therewith and, to the fullest

extent permitted by law, to hold harmless and indemnify the Engineer from and against all claims, liabilities, losses, damages, and costs, including but not limited to attorney's fees, arising therefrom or in connection therewith.

The Client recognizes that changes or modifications to the Engineer's instruments of professional service introduced by anyone other than the Engineer may result in adverse consequences which the Engineer can neither predict nor control. Therefore, and in consideration of the Engineer's agreement to deliver its instruments of professional service in machine readable form, the Client agrees, to the fullest extent permitted by law, to hold harmless and indemnify the Engineer from and against all claims, liabilities, losses, damages, and costs, including but not limited to attorney's fees, arising out of or in any way connected with the modification, misinterpretation, misuse, or reuse by others of the machine readable information and data provided by the Engineer under this Agreement. The foregoing indemnification applies, without limitation, to any use of the Project Documentation on other projects, for additions to this Project, or for completion of this Project by others, excepting only such use as may be authorized, in writing, by the Engineer.

7. <u>Reuse of Documents</u>: All Project Documents including but not limited to reports, opinions of probable costs, drawings and specifications furnished by Engineer pursuant to this Agreement are intended for use on the Project only. They cannot be used by Client or others on extensions of the Project or any other project. Any reuse, without specific written verification or adaptation by Engineer, shall be at Client's sole risk, and Client shall indemnify and hold harmless Engineer from all claims, damages, losses, and expenses including attorney's fees arising out of or resulting therefrom.

The Engineer shall have the right to include representations of the design of the Project, including photographs of the exterior and interior, among the Engineer's promotional and professional materials. The Engineer's materials shall not include the Client's confidential and proprietary information if the Client has previously advised the Engineer in writing of the specific information considered by the Client to be confidential and proprietary.

- 8. <u>Standard of Practice</u>: The Engineer will strive to conduct services under this agreement in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions as of the date of this Agreement.
- 9. <u>Compliance With Laws</u>: The Engineer will strive to exercise usual and customary professional care in his/her efforts to comply with those laws, codes, ordinance and regulations which are in effect as of the date of this Agreement.

With specific respect to prescribed requirements of the Americans with Disabilities Act of 1990 or certified state or local accessibility regulations (ADA), Client understands ADA is a civil rights legislation and that interpretation of ADA is a legal issue and not a design issue and, accordingly, retention of legal counsel (by Client) for purposes of interpretation is advisable. As such and with respect to ADA, Client agrees to waive any action against Engineer, and to indemnify and defend Engineer against any claim arising from Engineer's alleged failure to meet ADA requirements prescribed.

Further to the law and code compliance, the Client understands that the Engineer will strive to provide designs in accordance with the prevailing Standards of Practice as previously set forth, but that the Engineer does not warrant that any reviewing agency having jurisdiction will not for its own purposes comment, request changes and/or additions to such designs. In the event such design requests are made by a reviewing agency, but which do not exist in the form of a written regulation, ordinance or other similar document as published by the reviewing agency, then such design changes (at substantial variance from the intended design developed by the Engineer), if effected and incorporated into the project documents by the Engineer, shall be considered as Supplementary Task(s) to the Engineer's Scope of Service and compensated for accordingly.

10. <u>Indemnification</u>: Engineer shall indemnify and hold harmless Client up to the amount of this contract fee (for services) from loss or expense, including reasonable attorney's fees for claims for personal injury (including death) or property damage to the extent caused by the sole negligent act, error or omission of Engineer.

Client shall indemnify and hold harmless Engineer under this Agreement, from loss or expense, including reasonable attorney's fees, for claims for personal injuries (including death) or property damage arising out of the sole negligent act, error omission of Client.

In the event of joint or concurrent negligence of Engineer and Client, each shall bear that portion of the loss or expense that its share of the joint or concurrent negligence bears to the total negligence (including that of third parties), which caused the personal injury or property damage.

Engineer shall not be liable for special, incidental or consequential damages, including, but not limited to loss of profits, revenue, use of capital, claims of customers, cost of purchased or replacement power, or for any other loss of any nature, whether based on contract, tort, negligence, strict liability or otherwise, by reasons of the services rendered under this Agreement.

- 11. <u>Opinions of Probable Cost</u>: Since Engineer has no control over the cost of labor, materials or equipment, or over the Contractor(s) method of determining process, or over competitive bidding or market conditions, his/her opinions of probable Project Construction Cost provided for herein are to be made on the basis of his/her experience and qualifications and represent his/her judgement as a design professional familiar with the construction industry, but Engineer cannot and does not guarantee that proposal, bids or the Construction Cost will not vary from opinions of probable construction cost prepared by him/her. If prior to the Bidding or Negotiating Phase, Client wishes greater accuracy as to the Construction Cost, the Client shall employ an independent cost estimator Consultant for the purpose of obtaining a second construction cost opinion independent from Engineer.
- 12. <u>Governing Law & Dispute Resolutions</u>: This Agreement shall be governed by and construed in accordance with Articles previously set forth by (Item 9 of) this Agreement, together with the laws of the **State of Illinois**.

Any claim, dispute or other matter in question arising out of or related to this Agreement, which can not be mutually resolved by the parties of this Agreement, shall be subject to mediation as a condition precedent to arbitration (if arbitration is agreed upon by the parties of this Agreement) or the institution of legal or equitable proceedings by either party. If such matter relates to or is the subject of a lien arising out of the Engineer's services, the Engineer may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by arbitration.

The Client and Engineer shall endeavor to resolve claims, disputes and other matters in question between them by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the Construction Industry Mediation Rules of the American Arbitration Association currently in effect. Requests for mediation shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. The request may be made concurrently with the filing of a demand for arbitration but, in such event, mediation shall proceed in advance of arbitration or legal or equitable proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order.

The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

- 13. <u>Successors and Assigns</u>: The terms of this Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns: provided, however, that neither party shall assign this Agreement in whole or in part without the prior written approval of the other.
- 14. <u>Waiver of Contract Breach</u>: The waiver of one party of any breach of this Agreement or the failure of one party to enforce at any time, or for any period of time, any of the provisions hereof, shall be limited to the particular instance, shall not operate or be deemed to waive any future breaches of this Agreement and shall not be construed to be a waiver of any provision, except for the particular instance.
- 15. <u>Entire Understanding of Agreement</u>: This Agreement represents and incorporates the entire understanding of the parties hereto, and each party acknowledges that there are no warranties, representations, covenants or understandings of any kind, matter or description whatsoever, made by either party to the other except as expressly set forth herein. Client and the Engineer hereby agree that any purchase orders, invoices, confirmations, acknowledgments or other similar documents executed or delivered with respect to the subject matter hereof that conflict with the terms of the Agreement shall be null, void & without effect to the extent they conflict with the terms of this Agreement.
- 16. <u>Amendment</u>: This Agreement shall not be subject to amendment unless another instrument is duly executed by duly authorized representatives of each of the parties and entitled "Amendment of Agreement".

- 17. <u>Severability of Invalid Provisions</u>: If any provision of the Agreement shall be held to contravene or to be invalid under the laws of any particular state, county or jurisdiction where used, such contravention shall not invalidate the entire Agreement, but it shall be construed as if not containing the particular provisions held to be invalid in the particular state, country or jurisdiction and the rights or obligations of the parties hereto shall be construed and enforced accordingly.
- 18. <u>Force Majeure</u>: Neither Client nor Engineer shall be liable for any fault or delay caused by any contingency beyond their control including but not limited to acts of God, wars, strikes, walkouts, fires, natural calamities, or demands or requirements of governmental agencies.
- 19. <u>Subcontracts</u>: Engineer may subcontract portions of the work, but each subcontractor must be approved by Client in writing.
- 20. <u>Access and Permits</u>: Client shall arrange for Engineer to enter upon public and private property and obtain all necessary approvals and permits required from all governmental authorities having jurisdiction over the Project. Client shall pay costs (including Engineer's employee salaries, overhead and fee) incident to any effort by Engineer toward assisting Client in such access, permits or approvals, if Engineer perform such services.
- 21. <u>Designation of Authorized Representative</u>: Each party (to this Agreement) shall designate one or more persons to act with authority in its behalf in respect to appropriate aspects of the Project. The persons designated shall review and respond promptly to all communications received from the other party.
- 22. <u>Notices</u>: Any notice or designation required to be given to either party hereto shall be in writing, and unless receipt of such notice is expressly required by the terms hereof shall be deemed to be effectively served when deposited in the mail with sufficient first class postage affixed, and addressed to the party to whom such notice is directed at such party's place of business or such other address as either party shall hereafter furnish to the other party by written notice as herein provided.
- 23. <u>Limit of Liability</u>: The Client and the Engineer have discussed the risks, rewards, and benefits of the project and the Engineer's total fee for services. In recognition of the relative risks and benefits of the Project to both the Client and the Engineer, the risks have been allocated such that the Client agrees that to the fullest extent permitted by law, the Engineer's total aggregate liability to the Client for any and all injuries, claims, costs, losses, expenses, damages of any nature whatsoever or claim expenses arising out of this Agreement from any cause or causes, including attorney's fees and costs, and expert witness fees and costs, shall not exceed the total Engineer's fee for professional engineering services rendered on this project as made part of this Agreement. Such causes included but are not limited to the Engineer's negligence, errors, omissions, strict liability or breach of contract. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law.

24. <u>Client's Responsibilities</u>: The Client agrees to provide full information regarding requirements for and about the Project, including a program which shall set forth the Client's objectives, schedule, constraints, criteria, special equipment, systems and site requirements.

The Client agrees to furnish and pay for all legal, accounting and insurance counseling services as may be necessary at any time for the Project, including auditing services which the Client may require to verify the Contractor's Application for Payment or to ascertain how or for what purpose the Contractor has used the money paid by or on behalf of the Client.

The Client agrees to require the Contractor, to the fullest extent permitted by law, to indemnify, hold harmless, and defend the Engineer, its consultants, and the employees and agents of any of them from and against any and all claims, suits, demands, liabilities, losses, damages, and costs ("Losses"), including but not limited to costs of defense, arising in whole or in part out of the negligence of the Contractor, its subcontractors, the officers, employees, agents, and subcontractors of any of them, or anyone for whose acts any of them may be liable, regardless of whether or not such Losses are caused in part by a party indemnified hereunder. Specifically excluded from the foregoing are Losses arising out of the preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs, or specifications, and the giving of or failure to give directions by the Engineer, its consultants, and the agents and employees of any of them, provided such giving or failure to give is the primary cause of Loss. The Client also agrees to require the Contractor to provide to the Engineer the required certificate of insurance.

The Client further agrees to require the Contractor to name the Engineer, its agents and consultants as additional insureds on the Contractor's policy or policies of comprehensive or commercial general liability insurance. Such insurance shall include products and completed operations and contractual liability coverages, shall be primary and noncontributing with any insurance maintained by the Engineer or its agents and consultants, and shall provide that the Engineer be given thirty days, unqualified written notice prior to any cancellation thereof.

In the event the foregoing requirements, or any of them, are not established by the Client and met by the Contractor, the Client agrees to indemnify and hold harmless the Engineer, its employees, agents, and consultants from and against any and all Losses which would have been indemnified and insured against by the Contractor, but were not.

When Contract Documents prepared under the Scope of Services of this contract require insurance(s) to be provided, obtained and/or otherwise maintained by the Contractor, the Client agrees to be wholly responsible for setting forth any and all such insurance requirements. Furthermore, any document provided for Client review by the Engineer under this Contract related to such insurance(s) shall be considered as sample insurance requirements and not the recommendation of the Engineer. Client agrees to have their own risk management department review any and all insurance requirements for adequacy and to determine specific types of insurance(s) required for the project. Client further agrees that decisions concerning types and amounts of insurance are specific to the project and shall be the product of the Client. As such, any and all insurance requirements made part of Contract Documents prepared by the Engineer are not to be considered the Engineer's recommendation, and the Client shall make the final decision regarding insurance requirements.

- 25. <u>Information Provided by Others</u>: The Engineer shall indicate to the Client the information needed for rendering of the services of this Agreement. The Client shall provide to the Engineer such information as is available to the Client and the Client's consultants and contractors, and the Engineer shall be entitled to rely upon the accuracy and completeness thereof. The Client recognizes that it is impossible for the Engineer to assure the accuracy, completeness and sufficiency of such information, either because it is impossible to verify, or because of errors or omissions which may have occurred in assembling the information the Client is providing. Accordingly, the Client agrees, to the fullest extent permitted by law, to indemnify and hold the Engineer and the Engineer's subconsultants harmless from any claim, liability or cost (including reasonable attorneys' fees and cost of defense) for injury or loss arising or allegedly arising from errors, omissions or inaccuracies in documents or other information provided by the Client to the Engineer.
- 26. <u>Payment</u>: Client shall be invoiced once each month for work performed during the preceding period. Client agrees to pay each invoice within thirty (30) days of its receipt. The client further agrees to pay interest on all amounts invoiced and not paid or objected to for valid cause within said thirty (30) day period at the rate of eighteen (18) percent per annum (or the maximum interest rate permitted under applicable law, whichever is the lesser) until paid. Client further agrees to pay Engineer's cost of collection of all amounts due and unpaid after sixty (60) days, including court costs and reasonable attorney's fees, as well as costs attributed to suspension of services accordingly and as follows:

Collection Costs. In the event legal action is necessary to enforce the payment provisions of this Agreement, the Engineer shall be entitled to collect from the Client any judgement or settlement sums due, reasonable attorneys' fees, court costs and expenses incurred by the Engineer in connection therewith and, in addition, the reasonable value of the Engineer's time and expenses spent in connection with such collection action, computed at the Engineer's prevailing fee schedule and expense policies.

Suspension of Services. If the Client fails to make payments when due or otherwise is in breach of this Agreement, the Engineer may suspend performance of services upon five (5) calendar days' notice to the Client. The Engineer shall have no liability whatsoever to the Client for any costs or damages as a result of such suspension caused by any breach of this Agreement by the Client. Client will reimburse Engineer for all associated costs as previously set forth in (Item 4 of) this Agreement.

27. When construction observation tasks are part of the service to be performed by the Engineer under this Agreement, the Client will include the following clause in the construction contract documents and Client agrees not to modify or delete it:

<u>Kotecki Waiver</u>. Contractor (and any subcontractor into whose subcontract this clause is incorporated) agrees to assume the entire liability for all personal injury claims suffered by its own employees, including without limitation claims under the **Illinois** Structural Work Act, asserted by persons allegedly injured on the Project; waives any limitation of liability defense based upon the Worker's Compensation Act, court interpretations of said Act or otherwise; and to the fullest extent permitted by law, agrees to indemnify and hold harmless and defend Owner and Engineer and their agents, employees and consultants (the "Indemnitees") from and against all such loss, expense, damage or injury, including reasonable attorneys' fees, that the Indemnitees may sustain as a result of such claims, except to the extent that **Illinois** law prohibits indemnity for the Indemnitees' own negligence. The Owner and Engineer are designated and recognized as explicit third party beneficiaries of the Kotecki Waiver within the general contract and all subcontracts entered into in furtherance of the general contract.

Job Site Safety/Supervision & Construction Observation: The Engineer shall neither 28. have control over or charge of, nor be responsible for, the construction means, methods, techniques, sequences of procedures, or for safety precautions and programs in connection with the Work since they are solely the Contractor's rights and responsibilities. The Client agrees that the Contractor shall supervise and direct the work efficiently with his/her best skill and attention; and that the Contractor shall be solely responsible for the means, methods, techniques, sequences and procedures of construction and safety at the job site. The Client agrees and warrants that this intent shall be carried out in the Client's contract with the Contractor. The Client further agrees that the Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the work; and that the Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to all employees on the subject site and all other persons who may be affected thereby. The Engineer shall have no authority to stop the work of the Contractor or the work of any subcontractor on the project.

When construction observation services are included in the Scope of Services, the Engineer shall visit the site at intervals appropriate to the stage of the Contractor's operation, or as otherwise agreed to by the Client and the Engineer to: 1) become generally familiar with and to keep the Client informed about the progress and quality of the Work; 2) to strive to bring to the Client's attention defects and deficiencies in the Work and; 3) to determine in general if the Work is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Engineer shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. If the Client desires more extensive project observation, the Client shall request that such services be provided by the Engineer as Additional and Supplemental Construction Observation Services in accordance with the terms of this Agreement.

The Engineer shall not be responsible for any acts or omissions of the Contractor, subcontractor, any entity performing any portions of the Work, or any agents or employees of any of them. The Engineer does not guarantee the performance of the

Contractor and shall not be responsible for the Contractor's failure to perform its Work in accordance with the Contract Documents or any applicable laws, codes, rules or regulations.

When municipal review services are included in the Scope of Services, the Engineer (acting on behalf of the municipality), when acting in good faith in the discharge of its duties, shall not thereby render itself liable personally and is, to the maximum extent permitted by law, relieved from all liability for any damage that may accrue to persons or property by reason of any act or omission in the discharge of its duties. Any suit brought against the Engineer which involve the acts or omissions performed by it in the enforcement of any provisions of the Client's rules, regulation and/or ordinance shall be defended by the Client until final termination of the proceedings. The Engineer shall be entitled to all defenses and municipal immunities that are, or would be, available to the Client.

29. <u>Insurance and Indemnification</u>: The Engineer and the Client understand and agree that the Client will contractually require the Contractor to defend and indemnify the Engineer and/or any subconsultants from any claims arising from the Work. The Engineer and the Client further understand and agree that the Client will contractually require the Contractor to procure commercial general liability insurance naming the Engineer as an additional named insured with respect to the work. The Contractor shall provide to the Client certificates of insurance evidencing that the contractually required insurance coverage has been procured. However, the Contractor's failure to provide the Client with the requisite certificates of insurance shall not constitute a waiver of this provision by the Engineer.

The Client and Engineer waive all rights against each other and against the Contractor and consultants, agents and employees of each of them for damages to the extent covered by property insurance during construction. The Client and Engineer each shall require similar waivers from the Contractor, consultants, agents and persons or entities awarded separate contracts administered under the Client's own forces.

30. <u>Hazardous Materials/Pollutants</u>: Unless otherwise provided by this Agreement, the Engineer and Engineer's consultants shall have no responsibility for the discovery, presence, handling, removal or disposal of or exposure of persons to hazardous materials/pollutants in any form at the Project site, including but not limited to mold/mildew, asbestos, asbestos products, polychlorinated biphenyl (PCB) or other toxic/hazardous/pollutant type substances.

Furthermore, Client understands that the presence of mold/mildew and the like are results of prolonged or repeated exposure to moisture and the lack of corrective action. Client also understands that corrective action is a operation, maintenance and repair activity for which the Engineer is not responsible.

#### AGENDA MEMO

# Village Council Meeting Forest Park, Illinois August 14, 2023

#### Issue Statement

Request for Village Council Action: Resolution Approving and Authorizing the Execution of a Professional Engineering Services Proposal for Phase II Design for the 2023 Madison Street Revitalization Project By and Between Christopher B. Burke Engineering, Ltd. and the Village of Forest Park

#### Background

The Village's Downtown Business District (Madison Street) is now due for a refresh.

Said area/roadway was reconstructed in 1999 with new utilities and streetscape improvements, including partial brick paver sidewalks, pedestrian furniture (bike racks/benches/refuse containers) decorative street lighting and tree installations. Said roadway was subsequently repaved in 2016.

The proposal from CBBEL seeks to design a final scope of services to be bid in the near future in efforts to give this area a nice refresh. Services, depending on a preliminary budget of \$300,000, may include light pole painting, power washing, furniture replacement, brick paver repair, sidewalk repair, striping, sealcoating and a possible new gateway sign at the NW corner of Madison and Harlem.

Following additional analysis by the Village's Commissioner of Streets, Public Works Director and Village Engineer, a final scope of services/specifications will be presented to the Village Council as well as renderings of potential gateway signage. Prior to the bid process commencing, the Village Council shall, at a future meeting, approve the scope of services/specifications as well as the preferred rendering of the gateway sign.

#### RESOLUTION NO. R-\_\_\_\_-23

#### A RESOLUTION TO APPROVE AND AUTHORIZE THE EXECUTION OF A PROFESSIONAL ENGINEERING SERVICES PROPOSAL FOR PHASE II DESIGN FOR THE 2023 MADISON STREET REVITALIZATION PROJECT BY AND BETWEEN CHRISTOPHER B. BURKE ENGINEERING, LTD. AND THE VILLAGE OF FOREST PARK

WHEREAS, the Village of Forest Park ("Village") has enacted and proposes to implement the Madison Street Revitalization Project for various repairs, maintenance, improvements and replacements to the existing streetscape enhancements along Madison Street from approximately Des Plaines Avenue to Harlem Avenue within the Village ("Project"); and

WHEREAS, due to the nature of the Project, it is hereby determined that the professional services of a professional engineer are required to facilitate implementation of the Project and the ability and fitness of Christopher B. Burke Engineering, Ltd. ("Burke") will be integral in the completion of the Project; and

WHEREAS, the Village has a prior, satisfactory relationship with Burke, and it is advisable, necessary and in the best interest of the Village to enter into a contract with Burke to provide professional engineering services for Phase II design to coordinate and implement the Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the Village of Forest Park, Cook County, Illinois, as follows:

Section 1. The facts and statements contained in the preambles to this Resolution are found to be true and correct and are hereby adopted as part of this Resolution.

<u>Section 2</u>. It is hereby determined that it is advisable, necessary and in the public interest that the Village contract for professional engineering services for the preparation of a bid booklet, schedule of locations, specifications and bidding with Burke to facilitate implementation of the Project.

<u>Section 3</u>. That certain "2023 Madison Street Revitalization Project - Professional Engineering Services Proposal for Phase II Design" between the Village and Burke for the estimated fee of Fourteen Thousand Two Hundred Sixty and 00/100 Dollars (\$14,260.00) ("Proposal"), a copy of which is attached hereto marked as <u>Exhibit A</u>, for the Project is hereby approved.

<u>Section 4</u>. The Mayor be and is hereby authorized and directed to execute and the Village Clerk to attest on behalf of the Village the Proposal for the Project substantially in the form attached hereto as <u>Exhibit A</u>, with such changes therein as may be approved by the officials executing the same, their execution thereof to constitute conclusive evidence of the approval of such changes, if any.

Section 5. This Resolution shall be in full force and effect upon its passage in the manner provided by law.

Village of Forest Park 517 Des Plaines Avenue Forest Park, IL 60130

Attention: Mr. Moses Amidei, Village Administrator

2023 Madison Street Revitalization - Professional Engineering Services Subject: Proposal for Phase II Design

Dear Mr. Amidei:

Christopher B. Burke Engineering, Ltd. (CBBEL) is pleased to present this proposal for design engineering services related to the 2023 Madison Street Revitalization Project in the Village of Forest Park. Included in this proposal are our Understanding of the Assignment, Scope of Work and Estimated Fee.

### UNDERSTANDING OF THE ASSIGNMENT

We understand the Village wants to make various repairs, maintenance improvements and replacements to the existing streetscape enhancements such as: painting of existing light poles, bollards and cabinets, pavement marking refresh, replacing a portion of the benches, garbage receptacles, and bicycle racks, and other miscellaneous improvements. CBBEL will work with Village Staff to determine project scope and prepare the bid documents and provide bidding assistance.

It is our understanding that the Village will be using VIP funding to cover Design, Construction Engineering, and Construction costs.

### SCOPE OF WORK

CBBEL proposes the following scope of engineering services to complete the project.

#### Task 1 – Preparation of Bid Documents

This task will consist of preparing a bid booklet with a schedule of locations, specifications, and an Engineer's opinion of probable cost.

#### Task 2 – Bidding Assistance

CBBEL will advertise for bidding, distribute specifications to all bidders, and hold a bid opening. CBBEL will review and tabulate all the bids and make a recommendation of award.

#### ESTIMATE OF FEE

Our Estimate of Fee is \$14,260.00 as shown on the attached exhibit A.

We will bill you at the hourly rates specified on the attached Schedule of Charges and establish our contract in accordance with the attached General Terms and Conditions. Direct costs for blueprints, photocopying, mailing, overnight delivery, messenger services and report compilation are included in the Fee Estimate. These General Terms and Conditions are expressly incorporated into and are an integral part of this contract for professional services.

Please sign and return one copy of this agreement as an indication of acceptance and notice to proceed. Please feel free to contact us anytime.

Sincerely,

Michael E. Kerr, PE President

## CHRISTOPHER B. BURKE ENGINEERING, LTD. GENERAL TERMS AND CONDITIONS

1. <u>Relationship Between Engineer and Client</u>: Christopher B. Burke Engineering, Ltd. (Engineer) shall serve as Client's professional engineer consultant in those phases of the Project to which this Agreement applies. This relationship is that of a buyer and seller of professional services and as such the Engineer is an independent contractor in the performance of this Agreement and it is understood that the parties have not entered into any joint venture or partnership with the other. The Engineer shall not be considered to be the agent of the Client. Nothing contained in this Agreement shall create a contractual relationship with a cause of action in favor of a third party against either the Client or Engineer.

Furthermore, causes of action between the parties to this Agreement pertaining to acts of failures to act shall be deemed to have accrued and the applicable statute of limitations shall commence to run not later than the date of substantial completion.

2. <u>Responsibility of the Engineer</u>: Engineer will strive to perform services under this Agreement in accordance with generally accepted and currently recognized engineering practices and principles, and in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions. No other representation, express or implied, and no warranty or guarantee is included or intended in this Agreement, or in any report, opinion, document, or otherwise.

Notwithstanding anything to the contrary which may be contained in this Agreement or any other material incorporated herein by reference, or in any Agreement between the Client and any other party concerning the Project, the Engineer shall not have control or be in charge of and shall not be responsible for the means, methods, techniques, sequences or procedures of construction, or the safety, safety precautions or programs of the Client, the construction contractor, other contractors or subcontractors performing any of the work or providing any of the services on the Project. Nor shall the Engineer be responsible for the acts or omissions of the Client, or for the failure of the Client, any architect, engineer, consultant, contractor or subcontractor to carry out their respective responsibilities in accordance with the Project documents, this Agreement or any other agreement concerning the Project. Any provision which purports to amend this provision shall be without effect unless it contains a reference that the content of this condition is expressly amended for the purposes described in such amendment and is signed by the Engineer.

- 3. <u>Changes</u>: Client reserves the right by written change order or amendment to make changes in requirements, amount of work, or engineering time schedule adjustments, and Engineer and Client shall negotiate appropriate adjustments acceptable to both parties to accommodate any changes, if commercially possible.
- 4. <u>Suspension of Services</u>: Client may, at any time, by written order to Engineer (Suspension of Services Order) require Engineer to stop all, or any part, of the services required by this Agreement. Upon receipt of such an order, Engineer shall immediately comply with its terms and take all reasonable steps to minimize the costs associated with the services affected by such order. Client, however, shall pay all costs incurred by the suspension, including all costs necessary to maintain continuity and for the

resumptions of the services upon expiration of the Suspension of Services Order. Engineer will not be obligated to provide the same personnel employed prior to suspension, when the services are resumed, in the event that the period of suspension is greater than thirty (30) days.

- 5. <u>Termination</u>: This Agreement may be terminated by either party upon thirty (30) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. This Agreement may be terminated by Client, under the same terms, whenever Client shall determine that termination is in its best interests. Cost of termination, including salaries, overhead and fee, incurred by Engineer either before or after the termination date shall be reimbursed by Client.
- 6. <u>Documents Delivered to Client</u>: Drawings, specifications, reports, and any other Project Documents prepared by Engineer in connection with any or all of the services furnished hereunder shall be delivered to the Client for the use of the Client. Engineer shall have the right to retain originals of all Project Documents and drawings for its files. Furthermore, it is understood and agreed that the Project Documents such as, but not limited to reports, calculations, drawings, and specifications prepared for the Project, whether in hard copy or machine readable form, are instruments of professional service intended for one-time use in the construction of this Project. These Project Documents are and shall remain the property of the Engineer. The Client may retain copies, including copies stored on magnetic tape or disk, for information and reference in connection with the occupancy and use of the Project.

When and if record drawings are to be provided by the Engineer, Client understands that information used in the preparation of record drawings is provided by others and Engineer is not responsible for accuracy, completeness, nor sufficiency of such information. Client also understands that the level of detail illustrated by record drawings will generally be the same as the level of detail illustrated by the design drawing used for project construction. If additional detail is requested by the Client to be included on the record drawings, then the Client understands and agrees that the Engineer will be due additional compensation for additional services.

It is also understood and agreed that because of the possibility that information and data delivered in machine readable form may be altered, whether inadvertently or otherwise, the Engineer reserves the right to retain the original tapes/disks and to remove from copies provided to the Client all identification reflecting the involvement of the Engineer in their preparation. The Engineer also reserves the right to retain hard copy originals of all Project Documentation delivered to the Client in machine readable form, which originals shall be referred to and shall govern in the event of any inconsistency between the two.

The Client understands that the automated conversion of information and data from the system and format used by the Engineer to an alternate system or format cannot be accomplished without the introduction of inexactitudes, anomalies, and errors. In the event Project Documentation provided to the Client in machine readable form is so converted, the Client agrees to assume all risks associated therewith and, to the fullest

extent permitted by law, to hold harmless and indemnify the Engineer from and against all claims, liabilities, losses, damages, and costs, including but not limited to attorney's fees, arising therefrom or in connection therewith.

The Client recognizes that changes or modifications to the Engineer's instruments of professional service introduced by anyone other than the Engineer may result in adverse consequences which the Engineer can neither predict nor control. Therefore, and in consideration of the Engineer's agreement to deliver its instruments of professional service in machine readable form, the Client agrees, to the fullest extent permitted by law, to hold harmless and indemnify the Engineer from and against all claims, liabilities, losses, damages, and costs, including but not limited to attorney's fees, arising out of or in any way connected with the modification, misinterpretation, misuse, or reuse by others of the machine readable information and data provided by the Engineer under this Agreement. The foregoing indemnification applies, without limitation, to any use of the Project Documentation on other projects, for additions to this Project, or for completion of this Project by others, excepting only such use as may be authorized, in writing, by the Engineer.

7. <u>Reuse of Documents</u>: All Project Documents including but not limited to reports, opinions of probable costs, drawings and specifications furnished by Engineer pursuant to this Agreement are intended for use on the Project only. They cannot be used by Client or others on extensions of the Project or any other project. Any reuse, without specific written verification or adaptation by Engineer, shall be at Client's sole risk, and Client shall indemnify and hold harmless Engineer from all claims, damages, losses, and expenses including attorney's fees arising out of or resulting therefrom.

The Engineer shall have the right to include representations of the design of the Project, including photographs of the exterior and interior, among the Engineer's promotional and professional materials. The Engineer's materials shall not include the Client's confidential and proprietary information if the Client has previously advised the Engineer in writing of the specific information considered by the Client to be confidential and proprietary.

- 8. <u>Standard of Practice</u>: The Engineer will strive to conduct services under this agreement in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions as of the date of this Agreement.
- 9. <u>Compliance With Laws</u>: The Engineer will strive to exercise usual and customary professional care in his/her efforts to comply with those laws, codes, ordinance and regulations which are in effect as of the date of this Agreement.

With specific respect to prescribed requirements of the Americans with Disabilities Act of 1990 or certified state or local accessibility regulations (ADA), Client understands ADA is a civil rights legislation and that interpretation of ADA is a legal issue and not a design issue and, accordingly, retention of legal counsel (by Client) for purposes of interpretation is advisable. As such and with respect to ADA, Client agrees to waive any action against Engineer, and to indemnify and defend Engineer against any claim arising from Engineer's alleged failure to meet ADA requirements prescribed.

Further to the law and code compliance, the Client understands that the Engineer will strive to provide designs in accordance with the prevailing Standards of Practice as previously set forth, but that the Engineer does not warrant that any reviewing agency having jurisdiction will not for its own purposes comment, request changes and/or additions to such designs. In the event such design requests are made by a reviewing agency, but which do not exist in the form of a written regulation, ordinance or other similar document as published by the reviewing agency, then such design changes (at substantial variance from the intended design developed by the Engineer), if effected and incorporated into the project documents by the Engineer, shall be considered as Supplementary Task(s) to the Engineer's Scope of Service and compensated for accordingly.

10. <u>Indemnification</u>: Engineer shall indemnify and hold harmless Client up to the amount of this contract fee (for services) from loss or expense, including reasonable attorney's fees for claims for personal injury (including death) or property damage to the extent caused by the sole negligent act, error or omission of Engineer.

Client shall indemnify and hold harmless Engineer under this Agreement, from loss or expense, including reasonable attorney's fees, for claims for personal injuries (including death) or property damage arising out of the sole negligent act, error omission of Client.

In the event of joint or concurrent negligence of Engineer and Client, each shall bear that portion of the loss or expense that its share of the joint or concurrent negligence bears to the total negligence (including that of third parties), which caused the personal injury or property damage.

Engineer shall not be liable for special, incidental or consequential damages, including, but not limited to loss of profits, revenue, use of capital, claims of customers, cost of purchased or replacement power, or for any other loss of any nature, whether based on contract, tort, negligence, strict liability or otherwise, by reasons of the services rendered under this Agreement.

- 11. <u>Opinions of Probable Cost</u>: Since Engineer has no control over the cost of labor, materials or equipment, or over the Contractor(s) method of determining process, or over competitive bidding or market conditions, his/her opinions of probable Project Construction Cost provided for herein are to be made on the basis of his/her experience and qualifications and represent his/her judgement as a design professional familiar with the construction industry, but Engineer cannot and does not guarantee that proposal, bids or the Construction Cost will not vary from opinions of probable construction cost prepared by him/her. If prior to the Bidding or Negotiating Phase, Client wishes greater accuracy as to the Construction Cost, the Client shall employ an independent cost estimator Consultant for the purpose of obtaining a second construction cost opinion independent from Engineer.
- 12. <u>Governing Law & Dispute Resolutions</u>: This Agreement shall be governed by and construed in accordance with Articles previously set forth by (Item 9 of) this Agreement, together with the laws of the **State of Illinois**.

Any claim, dispute or other matter in question arising out of or related to this Agreement, which can not be mutually resolved by the parties of this Agreement, shall be subject to mediation as a condition precedent to arbitration (if arbitration is agreed upon by the parties of this Agreement) or the institution of legal or equitable proceedings by either party. If such matter relates to or is the subject of a lien arising out of the Engineer's services, the Engineer may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by arbitration.

The Client and Engineer shall endeavor to resolve claims, disputes and other matters in question between them by mediation which, unless the parties mutually agree otherwise, shall be in accordance with the Construction Industry Mediation Rules of the American Arbitration Association currently in effect. Requests for mediation shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. The request may be made concurrently with the filing of a demand for arbitration but, in such event, mediation shall proceed in advance of arbitration or legal or equitable proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order.

The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

- 13. <u>Successors and Assigns</u>: The terms of this Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns: provided, however, that neither party shall assign this Agreement in whole or in part without the prior written approval of the other.
- 14. <u>Waiver of Contract Breach</u>: The waiver of one party of any breach of this Agreement or the failure of one party to enforce at any time, or for any period of time, any of the provisions hereof, shall be limited to the particular instance, shall not operate or be deemed to waive any future breaches of this Agreement and shall not be construed to be a waiver of any provision, except for the particular instance.
- 15. <u>Entire Understanding of Agreement</u>: This Agreement represents and incorporates the entire understanding of the parties hereto, and each party acknowledges that there are no warranties, representations, covenants or understandings of any kind, matter or description whatsoever, made by either party to the other except as expressly set forth herein. Client and the Engineer hereby agree that any purchase orders, invoices, confirmations, acknowledgments or other similar documents executed or delivered with respect to the subject matter hereof that conflict with the terms of the Agreement shall be null, void & without effect to the extent they conflict with the terms of this Agreement.
- 16. <u>Amendment</u>: This Agreement shall not be subject to amendment unless another instrument is duly executed by duly authorized representatives of each of the parties and entitled "Amendment of Agreement".

- 17. <u>Severability of Invalid Provisions</u>: If any provision of the Agreement shall be held to contravene or to be invalid under the laws of any particular state, county or jurisdiction where used, such contravention shall not invalidate the entire Agreement, but it shall be construed as if not containing the particular provisions held to be invalid in the particular state, country or jurisdiction and the rights or obligations of the parties hereto shall be construed and enforced accordingly.
- 18. <u>Force Majeure</u>: Neither Client nor Engineer shall be liable for any fault or delay caused by any contingency beyond their control including but not limited to acts of God, wars, strikes, walkouts, fires, natural calamities, or demands or requirements of governmental agencies.
- 19. <u>Subcontracts</u>: Engineer may subcontract portions of the work, but each subcontractor must be approved by Client in writing.
- 20. <u>Access and Permits</u>: Client shall arrange for Engineer to enter upon public and private property and obtain all necessary approvals and permits required from all governmental authorities having jurisdiction over the Project. Client shall pay costs (including Engineer's employee salaries, overhead and fee) incident to any effort by Engineer toward assisting Client in such access, permits or approvals, if Engineer perform such services.
- 21. <u>Designation of Authorized Representative</u>: Each party (to this Agreement) shall designate one or more persons to act with authority in its behalf in respect to appropriate aspects of the Project. The persons designated shall review and respond promptly to all communications received from the other party.
- 22. <u>Notices</u>: Any notice or designation required to be given to either party hereto shall be in writing, and unless receipt of such notice is expressly required by the terms hereof shall be deemed to be effectively served when deposited in the mail with sufficient first class postage affixed, and addressed to the party to whom such notice is directed at such party's place of business or such other address as either party shall hereafter furnish to the other party by written notice as herein provided.
- 23. <u>Limit of Liability</u>: The Client and the Engineer have discussed the risks, rewards, and benefits of the project and the Engineer's total fee for services. In recognition of the relative risks and benefits of the Project to both the Client and the Engineer, the risks have been allocated such that the Client agrees that to the fullest extent permitted by law, the Engineer's total aggregate liability to the Client for any and all injuries, claims, costs, losses, expenses, damages of any nature whatsoever or claim expenses arising out of this Agreement from any cause or causes, including attorney's fees and costs, and expert witness fees and costs, shall not exceed the total Engineer's fee for professional engineering services rendered on this project as made part of this Agreement. Such causes included but are not limited to the Engineer's negligence, errors, omissions, strict liability or breach of contract. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law.

24. <u>Client's Responsibilities</u>: The Client agrees to provide full information regarding requirements for and about the Project, including a program which shall set forth the Client's objectives, schedule, constraints, criteria, special equipment, systems and site requirements.

The Client agrees to furnish and pay for all legal, accounting and insurance counseling services as may be necessary at any time for the Project, including auditing services which the Client may require to verify the Contractor's Application for Payment or to ascertain how or for what purpose the Contractor has used the money paid by or on behalf of the Client.

The Client agrees to require the Contractor, to the fullest extent permitted by law, to indemnify, hold harmless, and defend the Engineer, its consultants, and the employees and agents of any of them from and against any and all claims, suits, demands, liabilities, losses, damages, and costs ("Losses"), including but not limited to costs of defense, arising in whole or in part out of the negligence of the Contractor, its subcontractors, the officers, employees, agents, and subcontractors of any of them, or anyone for whose acts any of them may be liable, regardless of whether or not such Losses are caused in part by a party indemnified hereunder. Specifically excluded from the foregoing are Losses arising out of the preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs, or specifications, and the giving of or failure to give directions by the Engineer, its consultants, and the agents and employees of any of them, provided such giving or failure to give is the primary cause of Loss. The Client also agrees to require the Contractor to provide to the Engineer the required certificate of insurance.

The Client further agrees to require the Contractor to name the Engineer, its agents and consultants as additional insureds on the Contractor's policy or policies of comprehensive or commercial general liability insurance. Such insurance shall include products and completed operations and contractual liability coverages, shall be primary and noncontributing with any insurance maintained by the Engineer or its agents and consultants, and shall provide that the Engineer be given thirty days, unqualified written notice prior to any cancellation thereof.

In the event the foregoing requirements, or any of them, are not established by the Client and met by the Contractor, the Client agrees to indemnify and hold harmless the Engineer, its employees, agents, and consultants from and against any and all Losses which would have been indemnified and insured against by the Contractor, but were not.

When Contract Documents prepared under the Scope of Services of this contract require insurance(s) to be provided, obtained and/or otherwise maintained by the Contractor, the Client agrees to be wholly responsible for setting forth any and all such insurance requirements. Furthermore, any document provided for Client review by the Engineer under this Contract related to such insurance(s) shall be considered as sample insurance requirements and not the recommendation of the Engineer. Client agrees to have their own risk management department review any and all insurance requirements for adequacy and to determine specific types of insurance(s) required for the project. Client further agrees that decisions concerning types and amounts of insurance are specific to the project and shall be the product of the Client. As such, any and all insurance requirements made part of Contract Documents prepared by the Engineer are not to be considered the Engineer's recommendation, and the Client shall make the final decision regarding insurance requirements.

- 25. <u>Information Provided by Others</u>: The Engineer shall indicate to the Client the information needed for rendering of the services of this Agreement. The Client shall provide to the Engineer such information as is available to the Client and the Client's consultants and contractors, and the Engineer shall be entitled to rely upon the accuracy and completeness thereof. The Client recognizes that it is impossible for the Engineer to assure the accuracy, completeness and sufficiency of such information, either because it is impossible to verify, or because of errors or omissions which may have occurred in assembling the information the Client is providing. Accordingly, the Client agrees, to the fullest extent permitted by law, to indemnify and hold the Engineer and the Engineer's subconsultants harmless from any claim, liability or cost (including reasonable attorneys' fees and cost of defense) for injury or loss arising or allegedly arising from errors, omissions or inaccuracies in documents or other information provided by the Client to the Engineer.
- 26. <u>Payment</u>: Client shall be invoiced once each month for work performed during the preceding period. Client agrees to pay each invoice within thirty (30) days of its receipt. The client further agrees to pay interest on all amounts invoiced and not paid or objected to for valid cause within said thirty (30) day period at the rate of eighteen (18) percent per annum (or the maximum interest rate permitted under applicable law, whichever is the lesser) until paid. Client further agrees to pay Engineer's cost of collection of all amounts due and unpaid after sixty (60) days, including court costs and reasonable attorney's fees, as well as costs attributed to suspension of services accordingly and as follows:

Collection Costs. In the event legal action is necessary to enforce the payment provisions of this Agreement, the Engineer shall be entitled to collect from the Client any judgement or settlement sums due, reasonable attorneys' fees, court costs and expenses incurred by the Engineer in connection therewith and, in addition, the reasonable value of the Engineer's time and expenses spent in connection with such collection action, computed at the Engineer's prevailing fee schedule and expense policies.

Suspension of Services. If the Client fails to make payments when due or otherwise is in breach of this Agreement, the Engineer may suspend performance of services upon five (5) calendar days' notice to the Client. The Engineer shall have no liability whatsoever to the Client for any costs or damages as a result of such suspension caused by any breach of this Agreement by the Client. Client will reimburse Engineer for all associated costs as previously set forth in (Item 4 of) this Agreement.

27. When construction observation tasks are part of the service to be performed by the Engineer under this Agreement, the Client will include the following clause in the construction contract documents and Client agrees not to modify or delete it:

<u>Kotecki Waiver</u>. Contractor (and any subcontractor into whose subcontract this clause is incorporated) agrees to assume the entire liability for all personal injury claims suffered by its own employees, including without limitation claims under the **Illinois** Structural Work Act, asserted by persons allegedly injured on the Project; waives any limitation of liability defense based upon the Worker's Compensation Act, court interpretations of said Act or otherwise; and to the fullest extent permitted by law, agrees to indemnify and hold harmless and defend Owner and Engineer and their agents, employees and consultants (the "Indemnitees") from and against all such loss, expense, damage or injury, including reasonable attorneys' fees, that the Indemnitees may sustain as a result of such claims, except to the extent that **Illinois** law prohibits indemnity for the Indemnitees' own negligence. The Owner and Engineer are designated and recognized as explicit third party beneficiaries of the Kotecki Waiver within the general contract and all subcontracts entered into in furtherance of the general contract.

Job Site Safety/Supervision & Construction Observation: The Engineer shall neither 28. have control over or charge of, nor be responsible for, the construction means, methods, techniques, sequences of procedures, or for safety precautions and programs in connection with the Work since they are solely the Contractor's rights and responsibilities. The Client agrees that the Contractor shall supervise and direct the work efficiently with his/her best skill and attention; and that the Contractor shall be solely responsible for the means, methods, techniques, sequences and procedures of construction and safety at the job site. The Client agrees and warrants that this intent shall be carried out in the Client's contract with the Contractor. The Client further agrees that the Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the work; and that the Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to all employees on the subject site and all other persons who may be affected thereby. The Engineer shall have no authority to stop the work of the Contractor or the work of any subcontractor on the project.

When construction observation services are included in the Scope of Services, the Engineer shall visit the site at intervals appropriate to the stage of the Contractor's operation, or as otherwise agreed to by the Client and the Engineer to: 1) become generally familiar with and to keep the Client informed about the progress and quality of the Work; 2) to strive to bring to the Client's attention defects and deficiencies in the Work and; 3) to determine in general if the Work is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Engineer shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. If the Client desires more extensive project observation, the Client shall request that such services be provided by the Engineer as Additional and Supplemental Construction Observation Services in accordance with the terms of this Agreement.

The Engineer shall not be responsible for any acts or omissions of the Contractor, subcontractor, any entity performing any portions of the Work, or any agents or employees of any of them. The Engineer does not guarantee the performance of the

Contractor and shall not be responsible for the Contractor's failure to perform its Work in accordance with the Contract Documents or any applicable laws, codes, rules or regulations.

When municipal review services are included in the Scope of Services, the Engineer (acting on behalf of the municipality), when acting in good faith in the discharge of its duties, shall not thereby render itself liable personally and is, to the maximum extent permitted by law, relieved from all liability for any damage that may accrue to persons or property by reason of any act or omission in the discharge of its duties. Any suit brought against the Engineer which involve the acts or omissions performed by it in the enforcement of any provisions of the Client's rules, regulation and/or ordinance shall be defended by the Client until final termination of the proceedings. The Engineer shall be entitled to all defenses and municipal immunities that are, or would be, available to the Client.

29. <u>Insurance and Indemnification</u>: The Engineer and the Client understand and agree that the Client will contractually require the Contractor to defend and indemnify the Engineer and/or any subconsultants from any claims arising from the Work. The Engineer and the Client further understand and agree that the Client will contractually require the Contractor to procure commercial general liability insurance naming the Engineer as an additional named insured with respect to the work. The Contractor shall provide to the Client certificates of insurance evidencing that the contractually required insurance coverage has been procured. However, the Contractor's failure to provide the Client with the requisite certificates of insurance shall not constitute a waiver of this provision by the Engineer.

The Client and Engineer waive all rights against each other and against the Contractor and consultants, agents and employees of each of them for damages to the extent covered by property insurance during construction. The Client and Engineer each shall require similar waivers from the Contractor, consultants, agents and persons or entities awarded separate contracts administered under the Client's own forces.

30. <u>Hazardous Materials/Pollutants</u>: Unless otherwise provided by this Agreement, the Engineer and Engineer's consultants shall have no responsibility for the discovery, presence, handling, removal or disposal of or exposure of persons to hazardous materials/pollutants in any form at the Project site, including but not limited to mold/mildew, asbestos, asbestos products, polychlorinated biphenyl (PCB) or other toxic/hazardous/pollutant type substances.

Furthermore, Client understands that the presence of mold/mildew and the like are results of prolonged or repeated exposure to moisture and the lack of corrective action. Client also understands that corrective action is a operation, maintenance and repair activity for which the Engineer is not responsible.

### Issue Statement

Request for Village Council Action: Resolution Authorizing the Award for the Permeable Paver Maintenance Project Contract to Old World Brick Paving

## Background

At the March 27, 2023 Village Council Meeting, the Village Council approved specifications and authorized a joint bid with the Village of River Forest related to the maintenance of both Villages' permeable paver alleys.

For additional background information about this project, please click on the following link (Page 55): <a href="https://www.forestpark.net/dfp/wp-content/uploads/2023/03/032723VillageCouncilMeetingPacket.pdf">https://www.forestpark.net/dfp/wp-content/uploads/2023/03/032723VillageCouncilMeetingPacket.pdf</a>

The Village of River Forest coordinated this joint bid (thank you!!!!) and bids were received on July 21, 2023.

Old World Brick Paving was the sole bidder to perform specified maintenance activities upon the permeable paver alleys in both Villages.

As it pertains to Forest Park, we are looking at having restorative maintenance done upon two of our three permeable paver alleys.

Total contract cost amounts to \$2.19/sq.ft. \* 7200 sq.ft. = \$15,768.00

Staff is asking for a sum not to exceed \$18,000 authority, in the event that during the course of the maintenance operations, paver or paver base issues come up that will require repair for long-term sustainability.

## RESOLUTION NO. R-\_\_\_\_-23

## A RESOLUTION AUTHORIZING THE AWARD FOR THE PERMEABLE PAVER <u>MAINTENANCE PROJECT CONTRACT TO OLD WORLD BRICK PAVING</u>

WHEREAS, the Village of Forest Park ("Village") and the Village of River Forest previously approved specifications and advertised for joint bids for the 2023 Permeable Paver Maintenance Project ("Project"); and

WHEREAS, the Village and the Village of River Forest desire to proceed with awarding the joint bid for the Project; and

WHEREAS, on July 21, 2023, at 11:00 a.m., joint bids for the Project were received virtually, the joint bid results were publicly opened, read aloud via Zoom and one (1) joint bid was received and reviewed by the staffs for both villages and the Village Engineer for the Village of River Forest; and

WHEREAS, Old World Brick Paving was the apparent lowest responsible and qualified bidder for the Project and provided the correct forms required for the Project, including its bid bond and specifications; and

WHEREAS, the bid documents have been reviewed by the Village Engineer for the Village of River Forest, which determined Old World Brick Paving to be the lowest responsible and qualified bidder for the joint bid, pursuant to bid specifications and requirements; and

WHEREAS, Village staff recommends to the Village Council that the joint bid be awarded to Old World Brick Paving in a per unit amount of Two and 19/100 Dollars (\$2.19) per square foot and total amount not to exceed Eighteen Thousand and 00/100 Dollars (\$18,000.00), subject to the Village of River Forest also awarding the joint bid to Old World Brick Paving; and

WHEREAS, the Mayor and Council of the Village of Forest Park have determined that it is in the best interest of the Village to award the contract for the Project to the lowest responsible and qualified bidder, Old World Brick Paving, for the joint bid in a per unit amount of Two and 19/100 Dollars (\$2.19) per square foot and a total amount not to exceed Eighteen Thousand and 00/100 Dollars (\$18,000.00), subject to the Village of River Forest also awarding the joint bid to Old World Brick Paving; and

WHEREAS, it is necessary that the Mayor of the Village of Forest Park execute and file the appropriate documents and sign any and all documents necessary for the awarding of the contract to Old World Brick Paving, pursuant to the joint bid for the Project, and that the Village Clerk attest to the Mayor's signature on said documents.

NOW, THEREFORE, BE IT RESOLVED by the Council of the Village of Forest Park, Cook County, Illinois, as follows:

Section 1. The Council of the Village of Forest Park finds that it is in the best interest of the Village to award the contract for the Project to the lowest responsible and qualified bidder, Old World Brick Paving, for the joint bid in a per unit amount of Two and 19/100 Dollars (\$2.19) per square foot and a total amount not to exceed Eighteen Thousand and 00/100 Dollars (\$18,000.00), subject to the Village of River Forest also awarding the joint bid to Old World Brick Paving.

Section 2. The Mayor and the Village Clerk are hereby authorized and directed to execute and attest, respectively, any and all documents necessary to award the contract for the Project to the lowest responsible and qualified bidder, Old World Brick Paving, for the joint bid in a per unit amount of Two and 19/100 Dollars (\$2.19) per square foot and a total amount not to exceed Eighteen Thousand and 00/100 Dollars (\$18,000.00), subject to the Village of River Forest also awarding the joint bid to Old World Brick Paving.

PASSED by the Council of the Village of Forest Park, Cook County, Illinois this 14<sup>th</sup> day of August, 2023.

## 2023 PERMEABLE PAVER MAINTENANCE (JOINT BID)

VILLAGES OF:

RIVER FOREST FOREST PARK

7/20

TO THE PRESIDENT AND **BOARD OF TRUSTEES** VILLAGE OF RIVER FOREST 400 Park Avenue River Forest, Illinois 60305

The undersigned Old World Brick Yaving 1. (Name of Bidder)

10VE, TL 60171 n. River (Address of Bidder) listroas

hereby proposes to furnish all labor, materials, and equipment to perform all work necessary for the improvements described in the Specifications, and in accordance with the Project's Plans, Specifications and Bid Proposal.

- 2. The Project's Plans and Specifications are those prepared by The Village of River Forest, 400 Park Ave, River Forest, Illinois 60305, telephone 708-366-8500. The Specifications herein referred to are the applicable Specifications for this Work.
- 3. The undersigned agrees that the Village reserves the right in receiving these Proposals to waive technicalities and reject any or all Proposals, and to select such Proposal as may be for the best interest of the Village, and yet be in conformity with the Law.
- 4. In submitting this Proposal, the undersigned further agrees to deposit with this Proposal a bid bond, cashier's check, or certified check in the amount of not less than ten percent (10%) of the total amount of the Bid; said bond or check to be forfeited to the Village if a Contract is awarded and the Contractor does not furnish a satisfactory surety bond for the completion of the work, and sign the Contract therefore within ten (10) days after the award of a Contract.
- 5. In submitting this Proposal, the undersigned further agrees that they and their surety will execute and present within Ten (10) Days after the date of receipt of the Contract from the Village, a performance

bond and a labor and material payment bond satisfactory to and in the form prescribed by the Village, in the penal sum of the full amount of the Contract, guaranteeing the faithful performance of work in accordance with the terms of the Contract.

- 6. In submitting this Proposal, the undersigned declares that the only persons or parties interested in the Proposal as principals are those named herein; and that the Proposal is made without collusion with any other person, firm, or corporation.
- 7. The undersigned further declares that they have carefully examined the Plans, Specifications and Bid Proposal and that they have inspected, in detail, the site of the proposed Work, and that they have familiarized themselves with all of the local conditions affecting the Contract and the detailed requirements of construction, and understands that in submitting this Proposal they waive all right to plead any misunderstanding regarding the same.
- 8. The undersigned further understands and agrees that if this Proposal is accepted, they are to furnish and provide all necessary machinery, tools, apparatus, and other means of construction, and to do all of the Work, and to furnish all of the materials specified in the Contract, in the manner and at the time therein prescribed, and in accordance with the requirements set forth.
- 9. The undersigned declares that they understand that the quantities mentioned are approximate only and that they are subject to increase or decrease; that they will take in full payment therefore the amount and the summation of the actual quantities, as finally determined, multiplied by the unit prices shown in the Schedule of Prices contained herein.
- 10. The undersigned further agrees that the unit prices submitted herewith are for the purpose of obtaining a gross sum, and for use in computing the value of extras and deductions; that if there is a discrepancy between the gross sum bid and that resulting from the summation of the quantities multiplied by their respective unit prices, the latter shall apply.
- 11. The undersigned further agrees that if the Village decides to extend or shorten the Improvement, or otherwise alter it by extras or deductions, including the elimination of any one or more of the items, as provided in the Specifications, they will perform the Work as altered, increased, or decreased at the Contract unit prices.
- 12. The undersigned further agrees that the Village may, at any time during the progress of the Work covered by this Contract, order other Work or materials incidental thereto and that all such Work and materials as do not appear in the Proposal or Contract as a specific item accompanied by a unit price, and which are not included under the bid price for other items in this Contract, shall be performed as extra Work, and that they will accept as full compensation the actual cost as determined in the Specifications.
- 13. The undersigned further agrees to execute a Contract for this Work and present the same to the Village within Ten (10) Days from the date of receipt of the Contract from the Village.
- 14. The undersigned furthers agrees to carry the necessary Public Liability Worker's Compensation Insurance to protect the and such others as may be cited in the Specifications, from any claims that

may arise in connection with the construction of said Work and furnish a Certificate of Insurance naming said parties as Additional Insureds.

15. The undersigned further agrees to submit a work schedule to the Village not later than Ten (10) Days after the execution and approval of the Contract and Contract bond, unless otherwise provided, and to prosecute the Work in such manner and with sufficient materials, equipment, and labor and will insure its completion within the time limit specified herein, it being understood and agreed that the undersigned **agrees to complete the Work within the following timeframes**, unless additional time is granted by the Village in accordance with the provisions of the Specifications:

## River Forest - no later than November 1, 2023

## Forest Park – no later than September 1, 2023

In case of failure to complete the Work by the completion date set herein or within such extra time as may have been allowed by extensions, the undersigned agrees that the Village shall withhold from such sums as may be due to them under the terms of this Contract, the costs as set forth in Art. 108.09 of the SSRBC. These costs will be considered and be treated not as a penalty but as damages due the Village from the undersigned by reasons of inconvenience and added costs to the Village resulting from the failure of the undersigned to complete the Work within the time specified in the Contract.

- 16. The undersigned further understands that payment for this Work is to be made in cash and that they are to look to the Village for said payment upon presentation of Waivers of Liens.
- 17. The undersigned further understands that the Village shall make payments to the Contractor on the Engineer's Estimate only, at intervals of not less than once a month, and at such other times as the Engineer may submit them, for work performed, or for substantial amounts of material delivered to the improvement site, with a deducted reserve of Ten Percent (10%) to be held until completion of the Contract. No payments will be made until presentation of a duly executed waiver, or waivers of lien, equal to the amount of Engineer's Estimate and the final payment shall be made only upon the Engineer's Final Estimate and presentation of final waiver for material and labor furnished together with the Contractor's sworn statement.
- 18. ## EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE CERTIFICATE

As used in this certificate the term "subcontract" includes the term "purchase order" and all other agreements effectuating purchase of supplies or services. If this certificate is submitted as part of a bid or proposal the term "Seller" shall be deemed to refer to the Bidder or Offeror, or Subcontractor or Supplier. This certificate shall be renewed annually. Notwithstanding the foregoing, the certifications made herein shall remain applicable until completion of all nonexempt contracts/subcontracts awarded while this certificate is in effect. The undersigned Seller certifies the following to the Village of RIVER FOREST hereinafter referred to as Buyer:

- A. <u>REPORTS</u>: Within thirty (30) days after Buyer's award to Seller of any contract/subcontract and prior to each March 31 thereafter during the performance of work under said subcontract, the Seller shall file Standard Form 100, entitled "Equal Employment Opportunity Employer Information Report EEO-1" in accordance with instructions contained therein unless Seller has either filed such report within 12 months preceding the date of the award or is not otherwise required by law or regulation to file such report.
- B. <u>PRIOR REPORTS</u>: Seller, if it has participated in previous contract or subcontract subject to the Equal Opportunity Clause (41 C.F.R. Sec. 60-1.4 (a) (1) through (7), or the clause originally contained in Section 301 of Executive Order No. 10925, or the clause contained in section 201 of Executive Order No. 11114, has filed all required compliance reports. Seller shall obtain similar representations indicating submission of all required compliance reports, signed by proposed subcontractors, prior to awarding subcontracts not exempt from Equal Opportunity Clause.
- C. <u>CERTIFICATION OF NON SEGREGATED FACILITIES</u>: Seller certifies that it does not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not permit its employees to perform their services at any location, under its control where segregated facilities are maintained. Contractor certifies further that it will not maintain or provide for its employees to perform their services at any location and that it will not permit its employees to perform their services at any of its establishments and that it will not permit its employees to perform their services at any location, under its control where segregated facilities are maintained. Seller agrees that a breach of this certification is a violation of the Equal Opportunity Clause in this certificate. As used in this certification, the term "segregated facilities" means any waiting rooms, work area, rest rooms, wash rooms, restaurants and other eating areas, time clocks, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom or otherwise.

## C. CERTIFICATION OF NONSEGREGATED FACILITIES: (Cont'd.)

- Contractor further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause; that it will retain such certifications in its files; and that it will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods): NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES. A certification on Nonsegregated Facilities, as required by Section 60-1.8 of Title 41 of the Code of Federal Regulations, must be submitted prior to the award of a subcontract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity Clause. (Note: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001).
- D. AFFIRMATIVE ACTION COMPLIANCE PROGRAM: Prior to 120 days after receipt of any subcontract in the amount of \$50,000 or more from Buyer, if it has 50 or more employees and it is not otherwise exempt under 41 C.F.R. Part 60-1, shall have developed for each of their establishments a written affirmative action compliance program as called for in 41 C.F.R. Sec. 60-1.40. Seller will also require its lower-tier subcontractors who have 50 or more employees and receive a subcontract of \$50,000 or more and who are not otherwise exempt under 41 C.F.R. Part 60-1 to establish written affirmative action compliance programs in accordance with 41 C.F.R. Sec. 60-1.40.
- E. Seller certifies that it is not currently in receipt of any outstanding letters of deficiencies, show cause, probable cause, or other such notification of noncompliance with EEO regulations.

## STATE OF ILLINOIS DRUG FREE WORKPLACE CERTIFICATION

This certification is required by the Drug Free Workplace Act (30 ILCS 580/1 et seq.). The Drug Free Workplace Act, effective January 1, 1992, requires that no grantee or contractor shall receive a grant or be considered for the purposes of being awarded a contract for the procurement of any property or services from the State unless that grantee or contractor has certified to the State that the grantee or contractor will provide a drug free workplace. False certification or violation of the certification may result in sanctions including, but not limited to, suspension of contract or grant payments, termination of the contract or grant and debarment of contracting or grant opportunities with the State for at least one (1) year but not more than five (5) years.

For the purpose of this certification, "grantee" or "contractor" means a corporation, partnership, or other entity with twenty-five (25) or more employees at the time of issuing the grant, or a department, division, or other unit thereof, directly responsible for the specific performance under a contract or grant of \$5,000 or more from the State.

The contractor/grantee certifies and agrees that it will provide a drug free workplace by:

- (a) Publishing a statement:
  - (1) notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, including cannabis, is prohibited in the grantee's or contractor's workplace.
  - (2) specifying the actions that will be taken against employees for violations of such prohibition.
  - (3) notifying the employee that, as a condition of employment on such contract or grant, the employee will:
    - (A) abide by the terms of the statement; and
    - (B) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.
- (b) Establishing a drug free awareness program to inform employees about:
  - (1) the dangers of drug abuse in the workplace;
  - (2) the grantee's or contractor's policy of maintaining a drug free workplace;
  - (3) any available drug counseling, rehabilitation, and employee assistance programs; and
  - (4) the penalties that may be imposed upon an employee for drug violations.
- (c) Providing a copy of the statement required by subparagraph (a) to each employee engaged in the performance of the contract or grant and to post the statement in a prominent place in the workplace.

- (d) Notifying the contracting or granting agency within ten (10) days after receiving notice under part (B) of paragraph (3) of subsection (a) above from an employee or otherwise receiving actual notice of such conviction.
- (e) Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program by, any employee who is so convicted, as required by section 5 of the Drug Free Workplace Act.
- (f) Assisting employees in selecting a course of action in the event drug counseling, treatment, and rehabilitation is required and indicating that a trained referral team is in place.
- (g) Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act.

## <u>CERTIFICATION THAT CONTRACTOR IS NOT BARRED FROM</u> <u>PUBLIC CONTRACTING DUE TO BID-RIGGING OR</u> <u>BID ROTATING CONVICTIONS</u>

WHEREAS, a conviction for the offense of bid-rigging or bid rotating bars a person or entity from bidding on public contracts (720 ILCS 5/33E-3 and 33E-4), and

WHEREAS, Section 33E-11 of the Criminal Code (720 ILCS 5/33E-11) requires bidders and contractors to certify on a form provided by the unit of local government or school district that they are not barred from public contracting due to bid-rigging or bid rotating convictions.

NOW THEREFORE, IT IS HEREBY CERTIFIED THAT the undersigned,

Old World Brick Paving (individual, firm, corporation or other entity)

is not barred from bidding on or entering into public contracts due to having been convicted of bid-rigging or bid rotating under paragraphs 33E-3 or 33E-4 of the Illinois Criminal Code. The undersigned also certifies that no officers or employees of the bidder or the contractor have been so convicted and that the bidder or contractor is not the successor company or a new company created by the officers or owners of one so convicted. It is further certified that any such conviction occurring after the date of this certification will be reported to the above public body in writing, within seven (7) days of such conviction, if it occurs during any bidding process, contract term or otherwise prior to the entering into any contract therewith.

#### CERTIFICATION OF COMPLIANCE WITH STATE OF ILLINOIS PREVAILING WAGE RATES

<u>Frank Calistio</u> hereby certifies that said contractor/subcontractor, to the extent that the Illinois Prevail Wage Act implies, will pay all laborers, workers and mechanics performing under this contract not less than the most recent prevailing wage rates as determined by the Illinois Department of Labor (IDOL). A list of the most recent prevailing wage rates can be obtained on the IDOL website: <u>http://www.state.il.us/agency/idol/rates/rates.HTM</u>. If these wage rates are revised by IDOL during the duration of this contract, the revised rate shall apply to the contract.

The undersigned will take all necessary action and be responsible for full compliance with the State of Illinois laws and Illinois Department of Transportation Special Provision with regard to this issue. The Special Provision is included in these documents for your information. If contractor believes that Act does not apply to it, then in lieu of certified payroll, Contractor will provide a certified statement, in letter form, setting forth the basis upon which it has concluded the Act does not apply.

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s): VILLAGE OF RIVER FOREST

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:
  - In the performance of your ongoing operations; or
  - 2. In connection with your premises owned by or rented to you.

However:

- The insurance afforded to such additional insured only applies to the extent permitted by law; and
- If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not

be broader than that which you are required by the contract or agreement to provide for such additional insured.

- B. With respect to the insurance afforded to these additional insureds, the following is added to Section III Limits Of Insurance:
   If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:
  - 1. Required by the contract or agreement; or
  - Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

(Name, location or address, and Project number, if any) 2023 Permeable Paver Maintenance (Joint Bid)

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

5	Brothers Asphalt Paving, Inc.	\$708,295.85
6	McGill Construction Co., LLC	\$771,570.35

WHEREAS, ALamp Concrete Contractors, Inc. was the apparent lowest responsible and qualified bidder for the resurfacing portion of the Project and provided the correct forms required for the resurfacing portion of the Project, including its bid bond and specifications; and

WHEREAS, the bid documents have been reviewed by Christopher B. Burke Engineering, Ltd., the Village Engineer, which determined ALamp Concrete Contractors, Inc. to be the lowest responsible and qualified bidder for the bid, pursuant to Village requirements and conditions, and recommends to the Village Council that the award of contract for the resurfacing portion of the Project be made to ALamp Concrete Contractors, Inc. for the bid in the amount of Six Hundred Twenty-Eight Thousand Eight Hundred Sixty-Three and 13/100 Dollars (\$628,863.63); and

WHEREAS, the Mayor and Council of the Village of Forest Park have determined that it is in the best interest of the Village to award the contract for the resurfacing portion of the Project to the lowest responsible and qualified bidder, ALamp Concrete Contractors, Inc., for the bid in the amount of Six Hundred Twenty-Eight Thousand Eight Hundred Sixty-Three and 13/100 Dollars (\$628,863.63); and

WHEREAS, it is necessary that the Mayor of the Village of Forest Park execute and file the appropriate documents and sign any and all documents necessary for the awarding of the contract to ALamp Concrete Contractors, Inc., pursuant to the bid for the resurfacing portion of the Project, and that the Village Clerk attest to the Mayor's signature on said documents.

NOW, THEREFORE, BE IT RESOLVED by the Council of the Village of Forest Park, Cook County, Illinois, as follows:

Section 1. The Council of the Village of Forest Park finds that it is in the best interest of the Village to award the contract for the resurfacing portion of the Project to the lowest responsible and qualified bidder, ALamp Concrete Contractors, Inc., for the bid in the amount of Six Hundred Twenty-Eight Thousand Eight Hundred Sixty-Three and 13/100 Dollars (\$628,863.63).

<u>Section 2</u>. The Mayor and the Village Clerk are hereby authorized and directed to execute and attest, respectively, any and all documents necessary to award the contract for the resurfacing portion of the Project to the lowest responsible and qualified bidder, ALamp Concrete Contractors, Inc., for the bid in the amount of Six Hundred Twenty-Eight Thousand Eight Hundred Sixty-Three and 13/100 Dollars (\$628,863.63).

PASSED by the Council of the Village of Forest Park, Cook County, Illinois this 14<sup>th</sup> day of August, 2023.

Attention: Moses Amidei, ICMA-CM - Village Administrator

Subject: 2023 Resultaring Project Bid Results / Recommendation of Award (CBBEL Project No. 00-23BG0105)

Dear Mr. Amidei:

On Thursday, July 27, 2023 at 10:00 a.m. bids were received and opened publicly for the 2023 Resurfacing Project. Six (6) bids were received for this project. The bids have been reviewed and tabulated and are as follows.

	COMPANY	BID
-	ENGINEER'S ESTIMATE	\$ 832,288.30
1	ALamp Concrete Contractors	\$ 628,863.63
2	Johnson Paving	\$ 629,869.53
3	Lindahl Bros Inc.	\$ 640,359.93
4	K-Five Construction	\$ 690,914.06
5	Brothers Asphalt Paving Inc.	\$ 708,295.85
6	Mc Gill Construction Co. LLC	\$ 771,570.35

ALamp Concrete Contractors is the low bidder with a bid of \$ 628,863.63. We have reviewed their bid document and find it to be in order. ALamp appears qualified to perform this work.

Enclosed for your review is the bid tabulation. If you have any further questions, please do not hesitate to contact me.

Sincerely,

Subject: 2023 Resurfacing Project Bid Results / Recommendation of Award (CBBEL Project No. 00-23BG0105)

Dear Mr. Amidei:

On Thursday, July 27, 2023 at 10:00 a.m. bids were received and opened publicly for the 2023 Resurfacing Project. Six (6) bids were received for this project. The bids have been reviewed and tabulated and are as follows.

	COMPANY	BID
-	ENGINEER'S ESTIMATE	\$ 832,288.30
1	ALamp Concrete Contractors	\$ 628,863.63
2	Johnson Paving	\$ 629 <i>,</i> 869.53
3	Lindahl Bros Inc.	\$ 640,359.93
4	K-Five Construction	\$ 690,914.06
5	Brothers Asphalt Paving Inc.	\$ 708,295.85
6	Mc Gill Construction Co. LLC	\$ 771,570.35

ALamp Concrete Contractors is the low bidder with a bid of \$ 628,863.63. We have reviewed their bid document and find it to be in order. ALamp appears qualified to perform this work.

Enclosed for your review is the bid tabulation. If you have any further questions, please do not hesitate to contact me.

Sincerely,

Stein Leuliz

## AGENDA MEMO

# Village Council Meeting Forest Park, Illinois August 14, 2023

## Issue Statement

Request for Village Council Action: Resolution Approving and Authorizing the Execution of a Software Service Agreement By and Between Cloudpermit, Inc. and the Village of Forest Park

## Background

The Village's building permit software, PINS, is being retired by its owner.

In light of this, Village staff researched and took part in demonstrations of potential building permit related software platforms, including Cloudpermit, OpenGov and Springbrook (which would be an add-on to our current system).

Following a review and analysis, staff is recommending utilizing the Cloudpermit platform. From a price perspective, all three options are relatively the same though Cloudpermit costs less per year (\$6,000/year) following the initial transition year. Further, staff prefers the features of Cloudpermit over the other two options.

The Cloudpermit platform will allow permitees to submit applications and plans online without having to walk into Village Hall. Payments can also be done online as well.

Staff, plan review and inspection comments will all exist upon this cloud-based platform; again, allowing for the conversion of the building permit process to transition from a paper-based to a cloud-based system, overtime.

Implementation of this new platform may take about 90 days. In the interim, staff will determine the interface the system will have to allow for online payment of building permit related charges.

Information about this system can be viewed on Cloudpermit's website: https://cloudpermit.com/solutions/building-permitting

#### RESOLUTION NO. R-\_\_\_\_-23

## A RESOLUTION TO APPROVE AND AUTHORIZE THE EXECUTION OF A SOFTWARE SERVICE AGREEMENT BY AND BETWEEN <u>CLOUDPERMIT, INC. AND THE VILLAGE OF FOREST PARK</u>

WHEREAS, the Village of Forest Park ("Village") utilizes various computer software in its day-to-day operations; and

WHEREAS, due to the nature of such software, it is hereby determined that professional software services are necessary; and

WHEREAS, Cloudpermit, Inc. is a professional software servicing firm; and

WHEREAS, because of the unique nature of the services to be provided, the Village Council finds it is in the best interest of the Village to waive the bidding/proposal process and to contract with Cloudpermit, Inc. for professional software services.

NOW, THEREFORE, BE IT RESOLVED by the Council of the Village of Forest Park, Cook County, Illinois, as follows:

<u>Section 1</u>. The facts and statements contained in the preambles to this Resolution are found to be true and correct and are hereby adopted as part of this Resolution.

<u>Section 2</u>. The Village Council finds that it is advisable, necessary and in the public interest that the Village waive the bidding/proposal process and contract for professional software services for the various software utilized by the Village with Cloudpermit, Inc.

<u>Section 3</u>. The Village Council hereby waives the bidding/proposal process and the Cloudpermit Software Service Agreement, attached hereto and made a part hereof, is hereby approved and the Mayor be and is hereby authorized and directed to execute and the Village Clerk to attest on behalf of the Village said Agreement substantially in the form attached hereto as <u>Exhibit A</u>, with such changes therein as may be approved by the officials executing the same, their execution thereof to constitute conclusive evidence of the approval of such changes, if any.

Section 4. This Resolution shall be in full force and effect upon its passage in the manner provided by law.

#### **CLOUDPERMIT IMPLEMENTATION DESCRIPTION**

The implementation model, described herein, details the proven model used to implement the various products offered by Cloudpermit for a new public-facing solution for the Customer. This is accomplished through a five-stage implementation process: Stage 1 - Kickoff, Stage 2 - Workshop, Stage 3 - Configuration, Stage 4 - Training & Testing and Stage <math>5 - Go Live.

The product(s) to be implemented is identified on the approved order form and is inclusive of the functionality that is identified in the product specific documentation.

Any services not listed on the Order Form are considered out of scope and can only be added through an agreed upon change order.

#### **IMPLEMENTATION TIMELINE**

The implementation schedule for Cloudpermit is mutually agreed upon prior to the Kickoff meeting and documented with a project plan. Any modifications or extensions to the project plan will be requested through the customer's authorized representative and evaluated by Cloudpermit Head of Professional Services for review and discussion. If this modification or extension is granted, Cloudpermit will provide a change order to be signed by the Customer. Cloudpermit standard implementation timeline is detailed below.

Cloudpermit Estimated Project Timeline	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Week 16	Week 17	Week 18	Week 19
Building Department			5-6 w	/eeks															
By-Law or Code Enforcement							4-	5 Wee	ks										
Planning Department						8-10 weeks													

To manage this timeline, Cloudpermit Implementation Specialist will establish a weekly meeting checkpoint to ensure the implementation is on track and weekly action items are achieved.

#### IMPLEMENTATION MODEL

As part of the Implementation Model, Cloudpermit and the Customer will be responsible for performing tasks throughout the various stages of the implementation process. The following is a description of tasks needed to successfully complete the implementation of the Cloudpermit Product. For a more detailed description please refer to the Cloudpermit Implementation Methodology documentation.

#### Kickoff

A meeting between Cloudpermit and the Customers staff and key stakeholders to provide an overview of the product, discuss the goals and objectives and the agreed upon project schedule to establish a plan for a successful implementation.

#### Workshop

Cloudpermit solution is built on standard, out of the box, functionality. The workshop will ensure that the Implementation Specialist has a full understanding of the business processes, the details the municipality needs to collect from the applicant, fee schedules and any templates which needs to be generated. Cloudpermit standard out of the box solution integrates with ESRI ArcGIS through a REST(API) to establish the property location and also integrates with certain Payment Providers to allow for online payments. Cloudpermit encourages the use of 3<sup>rd</sup> party payment providers which are already integrated with Cloudpermit. The Implementation Specialist can provide a full list of the 3<sup>rd</sup> party payment providers, however, if the municipality uses another 3<sup>rd</sup> party vendor, then a custom integration is needed and could impact the schedule. This should be identified as soon as possible to minimize the impact to the schedule.

Note: Any Non-Standard Integrations are subject to additional Scope and costs.

#### Configuration

Configuration of Cloudpermit with the features and functionalities needed to allow the customer the ability to process applications using the online Cloudpermit solution.

#### Training & Testing

Cloudpermit Implementation Specialist will provide two (2) standard training sessions to key users of the system to ensure the customer can successfully test the product.

**Additional Training:** Cloudpermit's training is built to ensure the customer is ready to utilize the software to its full extent. In some cases, additional training is necessary during implementation or Post Go Live. The customer can order additional training according to Cloudpermit's price list.

#### Go Live

Go Live includes a Go/No Go decision prior to a scheduled Go Live meeting where the training environment configuration will be promoted to the production. At the Go Live meeting the customer will

# Cloudpermit 🗩

submit their first Customer permit/application and/or create their first case in Cloudpermit to satisfy the Customers go live.

#### MILESTONES & ACCEPTANCE CRITERIA

Milestones are used for acceptance of various steps within the Implementation process. At the completion of each milestone the client will receive a Milestone Acceptance Document to be signed accepting that the tasks provided within each milestone have been completed. It is agreed that the Customer will accept each Milestone, unless such Milestone contains a "go live blocker" defect and Customer so notifies Cloudpermit, in writing, within 5 business days of the Milestone Acceptance Request. Milestones that do not receive notification of non-acceptance within 5 business days will be deemed accepted.

Milestone Number	Milestone Description	Billable Amount
M1	Project Plan Acceptance	50%
M2	The kickoff, configuration, and 1 <sup>st</sup> training sessions has been completed	50%
	Go Live tasks have been completed and the first permit/application is entered in Cloudpermit production Environment.	

Once Cloudpermit has provided corrections, Customer will have Seven (7) business days to verify that the corrections are sufficient and to provide written notice of any failure to correct a Go Live Blocker. If no written notification is provided, the corrections and the Milestone will be deemed accepted.

Cloudpermit will correct all Go Live Blockers as described above and handle Post Go Live issues within a reasonable Post Go Live window. All other Defects will be tracked for potential future releases. Notice of any Go Live Blocker defect must be provided to Cloudpermit in writing.

#### CHANGE MANAGEMENT

Cloudpermit Implementation Model provides a comprehensive, fully inclusive approach to implement the Cloudpermit solution. During the implementation process, additional needs may be identified for the Customer, that are outside of the project scope. These items once identified will be managed through a Change Request. The Change Order will identify the request, detail the requirements and justification and any scheduling or cost implications resulting from the change Request.

#### **ADDITIONAL SERVICES COST**

Additional Services are available from the Professional Services team that may not be included in the previously agreed upon scope. Cloudpermit can provide additional services as per the price list and through a change order

For on-site meetings, travel and per diem expenses will be invoiced to the Customer in accordance with Cloudpermit Travel Policy which will include airfare, mileage, hotel accommodations and daily per diem.

Dear Mayor Hoskins,

On behalf of Sarah's Inn's staff and Board of Directors, I would like to request permission to have banners hung up at Madison & Circle and Madison & Des Plaines during October to help raise awareness for Domestic Violence Action Month.

The banners will be ready by September 22. If approved, please let us know when would be a good time to drop off the banners.

Thank you for your consideration and ongoing support of Sarah's Inn. If you have any questions, please don't hesitate to reach out to Kelly Mitchell, Development and Communications Associate, at kellym@sarahsinn.org.

Gratefully yours,

Carol M. Gall

# **BOND INFORMATION**

All operation of and the conduct of raffles shall be under the supervision of a single raffle manager designated by the organization. The raffle manager shall give a fidelity bond in the sum of the aggregate retail value of the prizes as set out on the application. The bond shall be in favor of the organization conditioned upon the raffle manager's honesty in the performance of his duties. Terms of the bond shall provide that notice shall be given in writing to the village not less than thirty (30) days prior to its cancellation. The village clerk or his/her designee(s), may waive this bond requirement by including a waiver provision in the license. -WANED

# AFFIDAVIT

The undersigned hereby attest that all statements made herein are true and correct to the best of our knowledge. The undersigned further certify that they have read Chapter 3-16 of the Village of Forest Park Code, and that the organization which they represent is qualified and eligible to obtain a raffle license in the Village of Forest Park according to the requirements as set forth in 230 ILCS 15-0.01 et seq. (State of Illinois Raffles Act) and the Village of Forest Park Municipal Code Section 3-16, and further certify that we will abide by all rules and regulations as set forth by the State of Illinois and the Village of Forest Park. Our Audit information will be returned no later than 30 business days from the conclusion of the raffle.

The undersigned also understands and agrees that failure to comply with any of the requirements of the Raffle Ordinance constitutes a violation, and that whoever violates any section of the provisions of this article is guilty of a misdemeanor and may be punished as provided in Section 3-16-13 of the Village of Forest Park Code of Ordinances.
